President's Message

Let's get 1990 off to a good start!

1. Have you renewed your membership?
2. Have you told a friend(s) about OGS? Did you give a gift membership to OGS?
3. Have you submitted Ancestor Charts with index cards for each ancestor?
4. Have you submitted Bible records, copying the title page?
5. Have you submitted your queries?
6. Have you checked the acquisition lists lately? If you see something family related, headquarters will copy pertinent pages for a small copying fee.
7. Have you submitted your Family History sheet?
8. Have you checked to see if you are eligible for FFO? Submitted your application?
9. Have you encouraged students to enter the Essay Contest?
10. Have you signed up for the Salt Lake City Tour?
11. Have you marked your calendar for the OGS Convention April 27, 28, and 29?
12. Have you submitted unpublished material for THE REPORT and/or OHIO RECORDS AND PIONEER FAMILIES?

Jeanne Pramaggiore, President
Ohio Genealogical Society

Attention Chapter Presidents

1990 is the 30th year of publication for THE REPORT. Once again, I am asking all the Chapters to participate in celebrating this milestone by having each Chapter submit genealogical material from its own county for publication during the year. I am requesting that you send TWO PAGES of data which has never before appeared in any publication. Basically, we want to present NEW material, consisting of court records, cemetery records, newspaper abstracts. Bible records, or anything else of genealogical importance, to present some new information from your county.

PLEASE help us to make this year a special year, and get your material to me as soon as possible, so that it can be spaced out over the 4 issues during the year. Please mail all material directly to me, and not to the office.

Thank you for your help and participation by having your county represented.

The SENECA COUNTY CHAPTER has published an Index to Seneca County Wills & Estates, 1851-1900. The book is softbound and sells for $7.00, which includes sales tax and mailing. There are still a few copies of Seneca County, Ohio Cemetery Inscriptions available. This hardbound book is fully indexed and contains over 50,000 names. It sells for $37.50. A supplement to the cemetery publication is available for $4.00.

Convention Surname Exchange

The purpose of this exchange is to bring together at the Convention, people who are interested in the same family lines. To participate, prepare a 3 x 5 card with the following data: ancestor's name (last name, first name), birth & death dates, location (town/county/state) and your name and complete address. Each person may submit as many as five cards; however, only one ancestral name should be entered on each card submitted. This data will be made available to all registrants at the Convention. Submit your cards, postmarked by February 28, 1990, to Carol Swinehart, 246 Scott Dr., Lancaster, OH 43130. Registrants may bring their five cards to file in the surname box at the Convention. These will not be included in the registration packet.

Ancestors On Parade

As part of the Friday evening program at the OGS Convention, you are invited to dress as your favorite ancestor. The parade will follow the banquet. PRIZES will be given. Please plan now to come "dressed up". We do ask you to bring along or send ahead a 3 x 5 card with information about your outfit.

COMPUTER INTEREST GROUP

NEW PROJECTS UNDERWAY

A. C I G OPPORTUNITIES - HOW WILL YOU PARTICIPATE?

We are all aware of the rapidly increasing number of Ohio genealogists - ourselves and our colleagues - who are using computers directly or indirectly as tools to enhance the dimensions and quality of our related research, sharing and publication. Many are also computerizing local data and accessing other pertinent data via modem, whether personal or in the library. And of course an increasing number are exploiting newer software and hardware technology. Through its newly inaugurated Projects the OGS/CIG intends to address the computer interests/needs of OGS members, and your ideas and participation are essential for success. The six initial Projects are: Annual Convention Program, Computerization of Ohio Genealogy Data, Inter-Computer Communication of Genealogy Data, Newer Technology Tools, Software User Groups and OGS Computer Activities Master Plan. These projects all operate within the CIG, and each Chair (listed below), in addition to leading its Project, will also respond to any queries from those just getting started. Feel free to contact anyone listed with your questions, further suggestions and your offer to contribute.

B. ANNUAL CONVENTION PROGRAM

The annual OGS Convention provides an excellent opportunity for sharing among CIG enthusiasts and for honing computer tools for genealogy. Planning takes place throughout the year and requires an overall coordinator plus organizers of the major program segments: lecture, luncheon, workshop, rap and modem demo. Most assignments are now covered and the overall program should prove both exciting and profitable. Please indicate now your interest in helping with the CIG portion of the 1991 Convention! Here's the format for 1990:

Chair: Karmen Hatchett, 513-767-9249, 4134 W. Enon Rd, Fairborn 45324
Coordinator Lecture Sessions: Kay Hudson, 419-756-1542
Speakers: Karmen Hatchett, Bob Strock, Carol Montrose, Barbara Clawson
Coordinator Rap Sessions: Judy Fightmaster, 216-658-3270
Moderators: Diane Gagel, Bob Tripp, Paul Clay, Jim Downey, Galen Pinkham, Harley Barnette
Coordinator Luncheon Program: Marjorie Kern, 216-467-5483
Moderator: Woody Trautman;
Featured Speaker: Barbara Clawson, Chair NGS/CIG
Reports by Project Chairs
Table Topic Catalysts: numerous
Organizer Modem Session and Presenter: Carol Montrose, 614-855-2688

C. COMPUTERIZATION OF OHIO GENEALOGY DATA

Currently, in many counties, there is a team of computer users putting local genealogy data onto disk, each team in general acting independently of the others. This CIG Project will put these teams in contact with each other, with the obvious benefits sharing can bring. In addition the Project will work toward assembling these disks into an all-Ohio database and wider usage. First of the likely current projects to 'ready' for computer access are the 1880 Ohio Census (Mary Bowman) and Ohio Cemeteries Index (Terry Klaiber). A second activity could be working out the bases for collating the many diskettes of local data produced by county projects. The statewide indexing of such material would reveal intriguing gaps and perhaps suggestions for continuing

efforts. A related effort would produce suggestions about 'how much' data, formats, software and hand-held scanner technology. An important third effort would lead to computerization of local material already published by county societies, and to encouraging societies to provide diskette versions of future publications (books and newsletters). Perhaps an early step would be preparation of a statewide index of these local published materials to compare with the (new) index of currently computerized materials and to determine priorities for flat-bed scanning. The resulting disks would of course be merged into one statewide database.

Chair: Bob Tripp, 614-385-6978, 25823 Rockview Rd, Rockbridge 43149

V Chair: Diane Gagel, 419-874-3316, 160 Mallard Dr, Perrysburg 43551

Disk Database Librarian: Bob Tripp (Mansfield later)

D. INTER-COMPUTER COMMUNICATION OF GENEALOGY DATA

A number of OGS members use their modems productively to access the genealogy sections of local and national electronic bulletin boards (BBS). They report fascination with the pertinent inputs from others scattered across the USA and abroad, the files they download and the messages they leave for each other. Many others have modems but need guidance on their effective use. And many OGS and CIG activities could be enhanced through a statewide 'network'.

A first effort of the 'Modem' Project would be gathering data on owners and users, on BBS numbers by region with types of files and services, and on software and techniques for effective modem use. A second might be pilot uploading of some of the locally computerized genealogy data and encouraging its access. As the 'bugs' are worked out this effort would be expanded. A third effort could be help for the membership via talks and handouts.

Finally, a statewide network should be envisioned such that most OGS members could communicate and share data with each other via a local call. A pilot would make use of the few Ohio BBS now on the national net, and then encourage other local boards to carry a genealogy section and join that net. And perhaps some CIG members would themselves set up a board, even on a limited hours basis, to fill gaps in geography. At this point Mansfield should become a participant. If the statewide database will also be located there, an office professional could respond to requests by uploading responses to the BBS. An 800/976 telephone combination might be a way to handle fees. Let us know of your activity, information and interest in this Project.

Chair: Carol Montrose, 614-855-2688, Box 84, Reynoldsburg 43068

E. NEWER TECHNOLOGY TOOLS

Genealogists, in their quest for increasing amounts and varieties of information, in disparate forms and places, are discovering the newer computer technology tools to be very useful and affordable! Printing photos on Family Group Sheets is no longer a surprise. And digitizing a frozen frame of our camcorder just back from the treasure spot is within our means! What about images on BBSs? This Project will garner the latest 'what for', 'how to' and 'how much' for such items as laptops, scanners and digitizers, indexing and publishing software, laser printers, faxes, CD-ROM and video databases.

Also, two significant software

situations will be described for the members. Many may have been confronted by compressed programs and files on BBSs or even on diskette. This 'zip' or 'arc(hive)' technique conserves disk space and transmission time and unzipping or unarcing is straightforward. The other is 'virus protection' which must be used with caution.

Please add to the list, tell us what your activities are with newer technology tools and volunteer to help on the project, so we can build up our collective Ohio expertise and the quality of our personal, county and statewide genealogy efforts.

Chair: Paul Clay, 614-279-9361, 234 Haldy Ave, Columbus 43204

F. SOFTWARE USER GROUPS

Whether we're just getting started or trying to use more advanced features of our genealogy software, we welcome the chance to rap with others who just might lend a helping hand. This CIG Project will help Ohio User Groups get started for the three leading programs (and others on demand). The companies indicate at least one thousand total Ohio users! Please suggest how regional and statewide activities can best function. Initially, contact persons in different parts of Ohio will be identified and some local gatherings - even workshops - might be arranged. Please spread the word because of the large number of users who likely will not be receiving this OGS Newsletter. And please volunteer to be either a regional contact or statewide coordinator for PAF, Family Roots or Roots3.

Chair: Bob Strock, 216-828-2019
242 N Church, Box 399
Dalton 44618

Coordinators and Regional Contacts for Personal Ancestry File, Roots3, Family Roots and Other Software: ...

G. OGS COMPUTER ACTIVITIES MASTER PLAN

The OGS leadership has asked the CIG for a plan (and budget) whereby these Projects and related activities can be stimulated, focussed and coordinated as a statewide OGS effort, with possible development of consolidated databases and BBS at OGS headquarters in Mansfield. Already excited about the added dimensions for genealogy via the newer computer and communication technologies, we can now become equally excited about the possibility of a coordinated and supported statewide computer tools program. If we generate the 'right' plan perhaps a corporation would support it.

Hence, I am inviting anyone interested, involved and/or with experience in any component of planning, and having some time to devote, to please contact me. You will become a member of a Project Team to gather specific data and to formulate a plan to report to the OGS Board in March and to the CIG Convention luncheon in April.

President's Message

The Board of Trustees met on January 26th. Mrs. Anne Dallas Budd presented her first report as Executive Director. She has been familiarizing herself with the affairs of the society and has already made several visits to local groups and chapters.

Welcome to the National Capital Buckeye Chapter (DC, MD, VA). They will receive their charter at the OGS Convention in Columbus, April 27th and 28th. We are nearing 100 chapters and plans to honor all our chapters are underway.

Congratulations to Crawford County. They increased their membership by 71 last year following suggestions presented at the '89 OGS Leadership Seminar by their Past President, Carolyn Heydinger.

Lolita Guthrie is our new Cemetery Chairman. She helped prepare Wood County's "ADOPT-A-CEMETERY" and has wonderful ideas. Contact her, or ask her to speak to your chapter.

I attended a hearing on Senate Bill 244 - a companion bill to House Bill 720 - which threatens our cemeteries. Harold Scatterday, Trustee, and Teri Klaiber, District Trustee, also attended. All portions of SB 244 concerning "human remains" were stricken and a substitute bill will be presented later. The House Bill 720 was returned to the Ohio Historical Society for amendments after twenty plus opponents showed up for the sponsor testimony. I have asked that OGS be included in the revisions meeting and will continue to follow this closely and keep you informed.

Nominees for election were presented and ballots will be mailed out to every member. Ballots for Bylaw changes will accompany the election ballots. Read all the information provided and then BE SURE TO VOTE!

Jeanne Pramaggiore, President
Ohio Genealogical Society

Our Transplanted Buckeyes

Congratulations to OGS' newest chapter - The National Capital Buckeye Chapter, which was accepted January 27, 1990, by the OGS Board of Trustees. The chapter, which includes members from Maryland, Virginia, and the District of Columbia, will receive its charter at the OGS 29th Annual Convention in Columbus.

Speaking of the April 27-29 Convention, if there is sufficient interest, a meeting of out-of-state registrants will be scheduled to discuss the techniques of chapter formation and to meet the new Vice President.

OGS Past President, Julie Overton, will be one of the panel of outstanding speakers at the 5th Annual Genealogical Fair of the California Genealogical Society, April 20-21, 1990. The Fair will be held in the Conference Center of St. Mary's Cathedral, Gough St. & Geary Blvd., San Francisco. Obtain details from OGS, P.O. Box 77105, San Francisco, CA 94107-0105.

The current president of the Florida State Genealogical Society is a "Transplanted Buckeye" and OGS member, Harriet Stiger Liles. An Ohio native and graduate of Heidelberg College, Tiffin, she was elected to a two-year term in November at the FSGS' 13th Annual Conference. Mrs. Liles has resided in Coral Gables since 1950, and has been an active genealogy instructor and lecturer and member of local genealogical and DAR groups. Her memberships include the Florida Chapter, OGS and National Genealogical Society.

Joy Flint Huskey is the first present of NORCAL-OGS - the Northern California Chapter. An OGS member, Joy holds memberships in the Hamilton, Medina, and Summit County Chapters. She is serving as Corresponding Secretary of the Genealogical and Historical Council of Sacramento Valley. Joy is also the 1990 President of ComputerRooters.

Most honored book in genealogy -- now better than ever! In every field of study, there is one book that rises above the rest in stature and becomes the standard work in the field. In genealogy that book is Val Greenwood's Researcher's Guide to American Genealogy. The Researcher's Guide has been adopted by the National Genealogical Society as its basic text in their home study courses, and it is the text of choice wherever courses in American genealogy are taught. First published in 1973, The Researcher's Guide has been validated by its long-lasting popularity. Nevertheless, in the nearly two decades since it first appeared there have been a number of significant advances in the methods and materials used in solving genealogical problems. Then, too, there have been some fundamental changes in legislation, changes in recordkeeping practices, changes in the nature of record holdings, and so forth, so that the need for an updated editon of this classic has become increasingly apparent. For this reason, and to reaffirm its position as the outstanding text in American genealogy, Greenwood has now produced this second edition. On March 1, 1990, GPC will release the completely revised second editon. Like its predecessor, it will be a carefully constructed exposition of the principles and facts essential for successful genealogical research, yet also a guidebook and field manual, a comprehensive reference book and a textbook. No research can be complete without it! Genealogical Pub. Co., Inc., 1001 N. Calvert St., Baltimore, MD 21202.

Scioto Company Pioneer Society

The Worthington Historical Society is seeking descendants of the 38 Scioto Company pioneers who received land in August 1804 when Worthington village lots were partitioned. Several local organizations have contributed to have these original proprietor's names engraved on bricks which will be installed in a heritage area on the Village Green.

Membership in the Scioto Company Pioneer Society is open to anyone who can prove descent from the following Worthington pioneers: James Allen, Moses Andrews, Russell Attwater, Samuel Beach, David Bristol, Levi Buttles, Ambrose Case, Israel Case, Israel P. Case, Job Case, Glass Cochran, Jeremiah Curtis, John Gould, Ezra Griswold, Levi Hayes, Lemuel G. Humphrey, James Kilbourn, Lemuel Kilbourn, Nathaniel Hayes, Nathaniel Little, Jacob Mills, Alexander Morrison, Alexander Morrison, Jr., Jedediah Norton, Thomas T. Phelps, Icabod Plumb, Abner Pinney, Abner P. Pinney, Azariah Pinney, Samuel Sloper, Jonas Stansberry, Nathan Stewart, Ebenezer Street, William Thompson, John Topping, Josiah Topping, Zophar Topping, William Vining, Roswell Wilcox.

Applications must submit $10 and complete a form with "proof" similar to the Ohio Genealogical Society First Families of Ohio. Scioto Company Pioneer Society members will receive a certificate, a one year membership in the Worthington Historical Society, and have their genealogical record filed for reference. Those accepted by May 1990 will be invited to participate in the dedication of the Scioto Company Pioneer memorial on the Village Green. Future activities will be planned as the community approaches its bicentennial.

Our Transplanted Buckeyes Continued

Attention Michigan! Your proposed OGS chapter will hold its second meeting on Sunday, May 20, 1990, at the Novi Civic Center, 45225 10-Mile Blvd. Bylaws will be adopted and permanent officers elected. Kim S. Harrison, President of the Michigan Genealogical Council, will be present, as well as representatives of OGS. Members of the Novi Historical Society will be hosting the meeting.

Carol A. Hotzinger, Editor since 1987 of the Buckeye Californian, has resigned and moved with her newly-retired husband to Colorado (Colorado Chapter take notice!). Carol was also Vice President of the Southern California Chapter's Orange County Area, and will be sorely missed. The Chapter will have a table at the giant Genealogical Jamboree of the Southern California Genealogical Society on Sunday, May 6th.

Calling all computer buffs! The Computer Interest Group (CIG) of OGS has planned a full series of programs for the 1990 Convention. In addition, CIG-OGS, planning for the next decade and a possible "OGS-net", is seeking the names of OGS members throughout the country who are using computers for family history. Write CIG Chair, Woody Trautman, 2625 Middlesex, Toledo, OH 43606 with a description of your equipment.

CORRECTION: In the December issue, the San Diego area was inadvertently left out. For information about meetings of the San Diego area, call Vice President, Virginia Kelley at 619-296-3279.

Questions & Answers

Answer: Page 175, Dec. 1989 issue re: Melissa Oliver's grandfather. Doris Frye, Mansfield, OH suggests: 1) Around 1950-51, State Legislature of Ohio voted to give all Ohio Veterans of WWII a bonus. In order to obtain the money, the veteran had to surrender his discharge papers. They are on file at the Adjutant General's Office, 2825 W. Granville Rd., Columbus, OH 43235-2712. 2) Salvation Army, Cleveland, OH, operates Missing Persons Bureau. (216-861-8185)

Question: Mary M. Smith, 1102 Jackson St., Long Beach, CA 90805 writes: "Where can I find information on a great grandfather who was in dental practice in Athens County (maybe Washington County before that) who migrated in 1870 from Pittsburgh where he had been in practice? I have written to Pittsburgh where he attended college, the dental association, etc. and am unable to get any information. I am searching for the names of his parents, place of birth, etc. He was born in 1840 - maybe PA. He was married according to a family Bible in Tarentum, PA, and died in Athens County, OH in 1884. According to an article in History of Hocking Valley - 1883, he was a member of Sereno Lodge, No. 479, Athens, Odd Fellows. His name is Joseph Eli Edmundson."

Question: Keith D. Ashley, 34465 Crew Road, Pomeroy, OH 45769 writes: "Meigs County, Ohio, Probate Court knows of no adoption records before about 1940. Since I see adoptions listed in Meigs County census as early as 1880 (including an adoption by my great, great grandfather), there have to be earlier adoption records. Since no one in the courthouse knows where these earlier records are, can someone tell me where I can find them? Are the earlier records also called adoptions or something else? When did adoptions begin to be done through the legal system in Ohio?"

Keith also offered the following information in response to an earlier inquiry. The current national president is Mrs. Marian Mogan, Women's Relief Corps President, Auxiliary to the G.A.R., 324 Sherwood, Otsego, MI 49078.

149.43 Availability of Public Records; Mandamus Action

(1) "Public record" means any record that is kept by any public office, including, but not limited to, state, county, city, village, township, and school district units, except medical records, records pertaining to adoption, probation, and parole proceedings, records pertaining to actions under section 2151.85 of the Revised Code and to appeals of actions arising under that section, records listed in division (A) of section 3107.42 of the Revised Code, trial preparation records, confidential law enforcement investigatory records, and records the release of which is prohibited by state or federal law.

(2) "Confidential law enforcement investigatory record" means any record that pertains to a law enforcement matter of a criminal, quasi-criminal, civil, or administrative nature, but only to the extent that the release of the record would create a high probability of disclosure of any of the following:

(a) The identity of a suspect who has not been charged with the offense to which the record pertains, or of an information source or witness to whom confidentiality has been reasonably promised;

(b) Information provided by an information source or witness to whom confidentiality has been reasonably promised, which information would reasonably tend to disclose his identity;

(c) Specific confidential investigatory techniques or procedures or specific investigatory work product;

(d) Information that would endanger the life or physical safety of law enforcement personnel, a crime victim, a witness, or a confidential information source.

(3) "Medical record" means any document or combination of documents, except births, deaths, and the fact of admission to or discharge from a hospital, that pertains to the medical history, diagnosis, prognosis, or medical condition of a patient and that is generated and maintained in the process of medical treatment.

(4) "Trial preparation record" means any record that contains information that is specifically compiled in reasonable anticipation of, or in defense of, a civil or criminal action or proceeding, including the independent thought processes and personal trial preparation of an attorney.

(B) All public records shall be promptly prepared and made available for inspection to any person at all reasonable times during regular business hours. Upon request, a person responsible for public records shall make copies available at cost, within a reasonable period of time. In order to facilitate broader access to public records, governmental units shall maintain public records in such a manner that they can be made available for inspection in accordance with this division.

(C) If a person allegedly is aggrieved by the failure of a governmental unit to promptly prepare a public record and to make it available to him for inspection in accordance with division (B) of this section, or if a person who has requested a copy of a public record allegedly is aggrieved by the failure of a person responsible for it to make a copy available to him in accordance with division (B) of this section, the person allegedly aggrieved may commence a mandamus action to obtain a judgment that orders the governmental unit or the person responsible for the public record to comply with division (B) of this section and that awards reasonable attorney's fees to the person that instituted the mandamus action. The mandamus action may be commenced in the court of common pleas of the county in which division (B) of this section allegedly was not complied with, in the supreme court pursuant to its original jurisdiction under Section 2 of Article IV, Ohio Constitution, or in the court of appeals for the appellate district in which division (B) of this section allegedly was not complied with pursuant to its original jurisdiction under Section 3 of Article IV, Ohio Constitution.

(D) Chapter 1347. of the Revised Code does not limit the provisions of this section.

Ohio Public Information Laws

A newly printed pamphlet, "Ohio Public Information Laws", sponsored by Ohio Attorney General Anthony J. Celebrezze, Jr., opens with an appropriate quote from James Madison: "A popular government, without popular information, or the means of acquiring it, is but a Prologue to a Farce or a Tragedy; or perhaps both. Knowledge will forever govern ignorance: And a people who mean to be their own Governors, must arm themselves with the power which knowledge gives." The pamphlet covers the Public Records Act, the Open Meetings Act, and the Personal Information Systems Act and succinctly includes the rights of the public to access government records and the manner in which public officials can or cannot limit that access. In analyzing each act, the authors proceed from a brief introduction of each act, to the rules of construction, through its general requirements, then tackles definitional problems, e.g., what is a public record, and concludes with penalty provisions for officials and the public for violations.

Every historian, genealogist, and researcher with a need to search Ohio's government records, state and local, should arm themselves with a copy of the pamphlet. It asks the basic question and provides easily understood answers, as well as giving legal citations for further research into a question. The pamphlet, prepared primarily for public officials, is available from the Office of the Attorney General, State Office Tower, 30 E. Broad St., Columbus, OH 43266-0410.

We thank Mary Bowman for permission to use this article from the February, 1990 issue of the Athens County Historical Society and Museum Bulletin.

1880 Census Report

The 1880 Ohio Census indexing project slowly is coming to an end. We have only a few counties to complete before we can shout, "Hallelujah!" Then we face the onerous task of compiling it all and getting it to camera-ready stage for publication. Nonetheless, progress is being made by all of our wonderful volunteers. We owe them a tremendous word of appreciation.

We are seeking assistance in two areas at the moment. First of all, if you have had a hand in transcribing the census, entering the data onto computer, proofing, or have helped in any other way, please let us know who you are. While we have the names of most individuals involved, we are missing the identity of some of those illustrious volunteers who are otherwise known as "members" of such-and-such chapter. We think your name deserves to be listed under acknowledgements if you have helped. Let me know who you are by dropping me a postcard.

Secondly, if you are one of those few who have not sent me your transcriptions or computer disks, please get them to me as soon as possible and, in the meanwhile, let me know how you are progressing. We are so-o-o close to the end; let's finish! Thank you, thank you! Mary L. Bowman, 1880 Census Chair, 2565 Pleasant Hill Rd., Athens, OH 45701.

FFO Banquet

The FFO Banquet at the OGS Convention will include recognition of new members. Pins and certificates will be distributed at that time.

Editor's Notes

If your chapter is planning to publish a newsletter, please check with headquarters to be certain the title you have chosen is not already in use by another chapter.

Now is the time to review your January issue and check your OGS Convention flyer. Remember it will be April 27, 28, and 29 at the Airport Radisson in Columbus. If you have checked the dates for the next two years, on page 22 of this newsletter, you will see that the convention moves around the state to allow more people the opportunity to attend. It's a great educational experience and you meet so many great people with similar interests. Won't you join us?

Computer Interest Group

ROUNDTABLE

Each of the projects reported last month has moved forward - and each chair is anxious for your postcard or call indicating interest! A general questionnaire will be included in the March Newsletter so we will know who is using a computer for genealogy, even though you may not have time to volunteer. This response will also help the OGS Board allocate overall resources between computer and other activities and consider the best form of organization of the CIG within the OGS.

The Master Plan project produced a first draft which Gerry Hudson introduced at the January Board meeting. It called for one block of funds to support the CIG projects around the state and another for a "hub" at Mansfield. Funding must be sought from foundations and companies. One suggestion to attract funding is to provide in return a genealogical account of the founding family. To help the CIG projects get resources to move forward, please contact the CIG Chair with your funding suggestions. Also, if you are interested in a copy of the draft Master Plan, please request it from Mansfield (enclose a long SASE).

Communication among CIG members (throughout the USA) is very important and we want to try it by modem. (One of our members in San Diego wants to participate!) There must be several hundred local BBS in Ohio, whether linked to others or not. We need to know from you which are a local call from you (even though you may not use them). We can then find out about the linking and be able to issue the roster. Even if not linked, they can be useful for practice. A postcard will do!

announces the publication of

Ohio Cemeteries Addendum

Ohio Cemeteries Addendum is a companion volume to Ohio Cemeteries first published in 1978. This new volume updates and revises the information found in Ohio Cemeteries. The Addendum does not replace or duplicate the earlier volume. Both volumes contain information arranged by county, then by township and cemetery. Additional information such as location or availability of transcripts is also included. Both the original volume and the addendum are indexed by cemetery name.

A Pre-publication sale is being held now until April 15, 1990. Send in your order now.

Pre-publication price of Addendum is	$15.00 (members OGS) $20.00 (non-members)
After April 15, 1990	$20.00 (members OGS) $25.00 (non-members)

Ohio Cemeteries, 414 pages, is still available at $25.00 each.

****

Please add $1.25 per book for postage and handling when ordering. All Ohio residents must add 6% sales tax to order. Schools/libraries are tax exempt.

President's Message

We are attending meetings with the Ohio Historical Society, Ohio Society of Archeaologists, Society of Ohio Archeaologists along with representatives of the Native American Indians in a joint effort to amend SB 244 to everyone's satisfaction. In the meantime, the companion bill in the House (HB 720) has been referred to a committee consisting of Rep. Mark A. Malone, Chairman; Rep. Don Gilmore; and Rep. Rhine McLin, members. Drop them a line and tell them that we want all cemeteries protected from any exploration, excavation, or other desecration, and ask them to postpone action until we resolve SB 244.

How do you send money overseas? The November/December issue of Heritage Quest has an easy, inexpensive way to send money through the Ruesch International Monetary Services along with a toll free number. You may want to check on it.

Please remember to vote for OGS officers and trustees and send in your registration for the convention April 27th and 28th.

Jeanne Pramaggiore, President
Ohio Genealogical Society

U.S. Bicentennial Census

Genealogists usually think in terms of the past when they think of the census. I'm asking you to think about the future when you answer your census questions on April 1, 1990. On that date, we will celebrate the Bicentennial of the Census of Population in the United States.

Adopted in 1787, Article 1, Section 2 of the U.S. Constitution states:

> "Representatives and direct Taxes shall be apportioned among the several States which may be included within this Union, according to their respective Numbers... The actual Enumeration shall be made within three Years after the first Meeting of the Congress of the United States, and within every subsequent Term of ten Years, in such Manner as they shall by Law direct."

Throughout the years, the Nation and the decennial census have changed. The need for statistical information has changed as the size, composition, and distribution of the population have changed. Along with those considerations, we must add the changes in laws and complexity of this country.

In 1950 UNIVAC-1, the first commercial electronic computer, was used to compile some census statistics. In 1960 FOSDIC (Film Optical Sensing Device for Input to Computers) was used for census tabulating.

The 1990 census will be marked by the Census Bureau's new creation - a digital mapping and geographic referencing system known as TIGER (Topologically Integrated Geographic Encoding and Referencing).

In 1790 less than 4 million persons and slightly more than 1/2 million households were counted. In 1990, the U.S. population is expected to be around 250 million and the number of housing units will be about 106 million.

Most households will receive a short questionnaire in the mail before April 1. It will take 15-20 minutes to complete. Those living in group quarters (nursing homes, college dormitories, military barracks, and boarding houses) will have a census-taker visit and pick up the completed forms or complete an interview. If you don't return your form, a census enumerator must visit your home. This

Questions & Answers

Question: Virginia Martin, P.O. Box 2589, Rancho Santa Fe, CA 90267 writes: At one time, c1860-70, there was a state institution in Newburgh, Cuyahoga Co, OH called the Northern Ohio Lunatic Asylum. Does anyone know the history of this asylum and if there are any patient records still available? If so, where are they located and are they open to the public?

Answer: The Northern Ohio Lunatic Asylum (Cleveland State Hospital) was a state-supported psychiatric facility for long term care. It was one of six public asylums established in Ohio during the 1850's. It was also known as Newburgh State Hospital. The insane had previously been kept in jails and almshouses. The purpose of the asylum was to provide a quiet place outside of the city with a moral environment where healthy living habits could be learned.

As early as 1874, there were reports of overcrowding. By 1900, mainly poorer patients were being treated at the facility. Many of these were being sent by the courts (Probate). The hospital was on a downward slide with a history of brutality and criminal neglect. The state began to phase out the hospital in 1972; in 1975 it became the Cleveland Development Center, a facility for the mentally retarded. By 1977, the old main building was demolished.

When searching for records, be aware that the facility went under several names - Newburgh Asylum 1855/56; Northern Ohio Lunatic Asylum, Newburgh 1856-74; Northern Ohio Hospital for the Insane, Newburgh 1874/76; Cleveland Hospital for the Insane 1876-78; Cleveland Asylu for the Insane 1878-93. Newburgh was both a village and township in Cuyahoga County to th south of Cleveland.

Inmates were identified in each Federal Census. For example, in 1870, the listing can be found on the last reel of Cuyahoga County. Information includes name, sex, age, occupation, place of birth, place of birth of parents, status (inmate or staff), etc.

The only types of records referenced were "Reports of Cleveland State Hospital". It does not say whether they are patient records. For the time period mentioned in the query, the reports can be found at Western Reserve Historical Society Library in Cleveland, Ohio State Library in Columbus, Public Library of Cincinnati, Cincinnati Historical Society, Ohio Historical Society (Archives Library) in Columbus, and Ohio State University in Columbus. There is also reference to a German edition for 1859 at Western Reserve Historical Society.

Dr. Cetina of the Cuyahoga Archives, also suggested that Probate Court records be checked for individual cases.

Chapter Announcements

DEFIANCE COUNTY CHAPTER, OGS is sponsoring a First Families of Defiance County group. Proven ancestors of members who lived there before December 31, 1845, will be known as PIONEERS; those through December 31, 1860 will be called SETTLERS. Membership certificates will be given out about the first of June. However, those accepted up through December 1990 will be Charter Members. Requests for applications should be sent to Mrs. Audrey Fahrer, 2025 Ginter Rd., Defiance, OH 43512.

THE BELMONT COUNTY CHAPTER, OGS will be conducting classes for genealogists on March 31 and April 7 at the St. Clairsville Library. The classes will be taught by OGS State Trustee and certified genealogist, Teresa Klaiber, C.G.R.S.R.G. from New Concord, OH. She will cover a span of beginner to advanced researcher. Time: 9:00 to 3:30. $15.00 per person includes both Saturdays. Bring sack lunch or eat out. For information, call 614-686-2121 or 425-2813.

THE FAYETTE COUNTY GENEALOGICAL SOCIETY has recently published Fayette County, Ohio Marriages, Book A; 1810-1830, which is available for $11.25 and Fayette County, Ohio 1870 Census Index, which is $9.25, both prepaid. Ohio residents must include sales tax of $.60 and $.48, respectively.

GALLIA COUNTY CHAPTER, OGS, has over 100 F.F.G.C. ancestors approved toward goal of 200 for Bicentennial year! Also for sale, Hardesty's History of Gallia County, $9.00 & Index to same for $5.00, plus 6% OH sales tax and $1.25 p&h. If mailed together, $2.00 p&h.

HENRY COUNTY CHAPTER, OGS announces applications are to be in by the last of April for members who have First Families in Henry County before December 31, 1885.

February Special Projects Donations

Judith Baker Mears, Sandusky, a great granddaughter of Martin Bushnell, builder of the OGS Library - "Bushnell House" - has contributed $25.00 toward refurbishing the Johnny Appleseed marker in the side yard, which was given to the community by Martin Bushnell and others. Additional donations are welcome.

Mr. & Mrs. R. L. Fleshman, Tallmadge, OH, donated 2 paintings by the late S. Marie Weil, former teacher at Mansfield Business College, and Past President of the Business and Professional Women's Association.

New York Land Records

The New York State Archives has recently informed us that no listing of New York State Land Records on Microfilm has been published and, therefore, cannot be borrowed on interlibrary loan. Genealogical journals reporting the existence of the publication were in error. Very few New York State land records have been microfilmed, and of those that have, none are currently available on interlibrary loan.

Post Office Update

The postal service informs us that they are permitted to hold mail for only 30 days. After 30 days, any 3rd class mail (The Report, The OGS Newsletter) is either thrown out, or returned to the sender (OGS) marked with the phrase "Temporarily Away". We then have no recourse but to hold on to it and try sending it a month or two later, hoping that the member has returned from vacation. We have to pay $1.10 to get each Report back, and $.30 to get each newsletter back. Sometimes we try sending them out 3 or 4 times before we find that the member has returned home from wherever "temporarily away" is. Please, if your trip is longer than 30 days, send us a change of address card, and instruct us to change it back when you return.

U.S. Bicentennial Census Continued

increases the cost of taking the census, so please save us all money by mailing it back completed and on time.

Approximately every sixth household will receive the more detailed form, which will ask about education, employment, income, occupation, and ancestry. It will also ask for more details on housing - age of building, source of water, and type of heating fuel. It should take 45 minutes to complete.

The purpose of the census is to obtain statistical totals, not to provide our great grandchildren with information about our family and where and how we lived in 1990. Genealogists, however, are delighted to find information about their ancestors in censuses from 1790 to 1910 and greatly disappointed that the 1890 census was, for the most part, destroyed. Complete your census form - no one will know what you said for 72 more years, and succeeding generations will thank you.

Cemetery Warning

As winter comes to an end and we begin to think about exploring cemeteries again, we need to be aware of a "growing" problem. That "growing" problem is the growth of marijuana in remote areas of our counties, particularly in southeastern Ohio. Trip wires and booby traps are sometimes used to protect someone's crop near cemeteries. Beware! If the cemetery is in a questionable area, check with the local police and/or go with some well-known resident of the area.

Computer Interest Group
R O U N D T A B L E

On Saturday, February 24, about twenty CIG project leaders and other interested persons met in Delaware, OH, to further CIG project implementations and to work on the next draft of the CIG Master Plan. This will be discussed by the OGS Board on March 24 and at our CIG luncheon at the OGS Convention on April 27. Please let us have your input beforehand. Materials may be requested from Headquarters (LSASE). The meeting provided an opportunity to share initial plans of the several projects and to coordinate on-going activities. The sysops of the Dayton BBS "Genealogy Ohio" (513-436-0400) explained their advanced tools for genealogists and offered to assist OGS CIG and Carol Montrose's project. The "Local Data" questionnaire being completed by Chapter officers is providing good orientation for Bob Tripp's project. Diane Gagel explained how OGS statewide projects and publications will have diskettes available. Kay Hudson, OGS librarian at Mansfield, has begun receiving video tapes and diskettes, and is considering computerized card catalog, 3x5's, and family charts. Paul Clay, in listing new technologies for genealogists, focussed on the potential of CD-ROM. Jerry Hudson mentioned the possibility of using an IBM-compatible computer already at Mansfield. Bob Strock has initial plans for a regional ROOTS user group meeting in Northeast Ohio. Suggestions were made for the next draft of the Master Plan.

ATTACHED QUESTIONNAIRE

As last month's column announced, the CIG and OGS leaderships are anxious to determine the numbers, interests and activities of those using (or intending to use) computers in their genealogical research. Chapter Presidents have already been queried about county computerization projects. The attached questionnaire concerns you personally, but lets you also note your involvement in local society projects. You may copy the questionnaire page and write answers on the front and continue to the back, or you may use a separate sheet and key your answers to the question numbers. Also, you may simply telephone me and I'll mark your answers from our conversation.

OGS/CIG CONVENTION AND NGS/CIG CONFERENCE

Just a reminder of upcomping full-featured programs and rallying spots for computer genealogy buffs: OGS April 27-28, Columbus (Airport Radisson Hotel) and NGS June 6-9, Washington (Hyatt Regency Crystal City). For OGS information, consult the January OGS Newsletter. For NGS information, write to 4527 17th Street North, Arlington, VA 22207-2399. Barbara Clawson, NGS/CIG Chair will speak at our OGS Convention and will be glad to field your questions about the NGS Computer Learning Center and the Washington research repositories available during the NGS Conference.

TINY TAFELS

Once you become comfortable with accessing a Bulletin Board and transferring genealogical files of interest, you may be ready to taste the excitement of putting up your queries for automatic nationwide search! The correct "Tiny Tafel" format is generated by program modules furnished with PAF, ROOTS III, Family Roots and others. Basically, this indicates the surname, the beginning and ending dates of your lineage data, locations, and your own ID. Certain BBS's keep a local Tiny Tafel database and can search it and similar ones elsewhere automatically. In reply to your submission, you get the ID's of all others in the huge Tiny Tafel database with interest in and data on the same lines. Three known OGSers enthusiastic about their Tiny Tafel rewards are Karmen Hatchett (513-767-9249), Bill Lewis (419-382-3989) and Jack Robertson (216-666-6047). Phone or leave a message on the BBS for them for further information.

The Nov/Dec NGS/CIG DIGEST reviewed a CD-ROM offering from Automated Archies (Orem UT) for MS-DOS micros. The disks contain military records, ship passenger lists, vital records, deeds, probates, slave schedules, immigration records, parish records, family genealogical records, etc. Each disk will contain some 50 volumes of printed books and an every word index; 200,000 volumes of source material are presently available. Also, Genformation Software Club, San Diego, CA, will act as a worldwide diskette exchange library of computerized genealogical data, collected in GEDCOM, Tiny Tafel, Ahnentafel, and ASCII formats. Some are indexing the huge libraries on the BBS Conference. All this adds a completely new dimension to current computer genealogical research!

Executive Director's Message

The value of the volunteers to OGS cannot be measured nor described adequately. The OGS library is open Tuesday through Saturday from 9:00 a.m. to 5:00 p.m. Twenty-six people worked 320 hours to provide this service for a two months' period. Eight persons spent 36 hours preparing two monthly newsletters for mailing: affixing labels, sorting by zip codes, and bundling into bags. Twelve volunteers spent 40 hours preparing the election materials for mailing, three of whom drove 50 miles to come to headquarters to help. Counting the ballots took nine volunteers a total of 54 hours.

There were seven persons who spent 73 hours answering letters requesting information, filing ancestor cards and family group sheets, maintaining family vertical files, cataloging books, and inventorying books in storage. The number of people who have been proofreading the 1880 census index and the hours they have spent is incomprehensible!

Volunteers are also needed to inventory boxes of archival materials and to index numerous books. More library volunteers will be needed for the summer months, due to increased use of the library, and the vacation plans of our regulars. A library training day will be held Monday, May 21st, for all present and prospective library volunteers. This is also the time of year for spring housecleaning tasks (no scrubbing), yard cleanup (no mowing), and planting of flowers.

If you can give us one day a week, one day a month, or would prefer a one-time project, won't you please call? You are needed!

Anne Budd, Executive Director
Ohio Genealogical Society

President's Message

The Board of Trustees met March 24th. We will be presenting charters to six new chapters at the convention: Arizona, Clinton County, Hudson (OH), Michigan, National Captial Buckeye, and Northern California. We welcome them to OGS and look forward to working with them.

At the convention, we will have the initial presentation of the Church Records Survey - the next project of OGS - by the Chairman, Michael Clegg. We are trying to find out what church records exist, where they are located, etc. Please try to have at least one representative from your chapter present at this session.

We regretfully accepted the resignation of Orlo Strine, Finance and Budget Chairman. He has devoted a lot of time and energy to OGS and helped to develop a sound financial program. Many thanks for your time and effort, Orlo.

One man who has given much of himself, his time, and his sound judgment to OGS for several years will leave the board this year. Dale Kellogg has chosen not to run again and he will be sorely missed. I have worked closely with him these past two years and am well aware of the great asset we are losing. We wish him well and hope he will be back from time to time.

We are continuing to work on SB 244 - the next meeting is April 14th. We will keep you posted as we progress.

Hope to see all of you at the convention.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Chapter Announcements

NOBLE COUNTY CHAPTER is pleased to announce the recent agreement with the Board of the Caldwell (Ohio) Public Library for the housing of its genealogy collection. The library opened in a new building this past fall and had a room set aside for genealogy information and microfilm collection. The chapter in turn organized the room for easy reference and will provide an every shelf inventory for reference and reshelving purposes. In the near future, a map of the county will be available for location of the cemeteries in each township. The room is a self-help area. The project is a giant step in the right direction for the youngest county in the state, according to Susan K. Radcliff, President.

The JEFFERSON COUNTY CHAPTER, OGS announces the reprint of Esther W. Powell's Tombstone Inscriptions & Family Records of Jefferson Co., Ohio. The price is $17.50 a copy. Ohio residents add 6% sales tax. Add $2.50 p&h.

As of April 1, 1990, WAYNE COUNTY GENEALOGICAL SOCIETY will no longer answer queries free of charge unless the query consists of no more than two questions. If you have a longer query, please write to the society for a list of local researchers. Queries should be addressed to: Wayne County Historical Society, Genealogical Section, 546 E. Bowman St., Wooster, OH 44691 or Wayne County Public Library, Genealogy Dept., 304 North Market, Wooster, OH 44691. Please enclose SASE with all queries.

MAHONING COUNTY CHAPTER announces the publication of Mahoning County, Ohio, Marriage Records, 1846-1870. All data was abstracted from six volumes and part of a seventh. An every name index includes the names of all grooms, brides, license applications, and parents. All spellings of a surname, as well as significant differences in first names, have been indexed. This 172 page book is available hardbound for $18.00 plus $3.00 p&h and $.99 tax for OH residents, or softbound for $13.00, $1.50 p&h, and $.72 tax.

Ohio Historic Preservation

The Ohio Historic Preservation Office is looking for outstanding people and historic preservation projects in Ohio to recognize with its annual awards. Awards are presented in two categories. Preservation Merit Awards recognize achievements which have contributed to preservation of buildings, sites, structures and objects associated with history or prehistory in Ohio. Public Education and Awareness Awards are for efforts which have fostered understanding of historic preservation in Ohio and promoted public interest in it. Deadline for nominations is July 1. The awards will be presented at the Ohio Historical Society's Annual Meeting in September. For nomination forms or more information, write "Awards", Ohio Historic Preservation Office, 1982 Velma Ave., Columbus, OH 43211-2497, or call 614-297-2470.

May is Historic Preservation Month in Ohio. Local groups across the state are planning tours, programs, exhibits and special events. The Ohio Historic Preservation Office has prepared a free calendar of Historic Preservation Month events throughout Ohio. It can be obtained by writing "Historic Preservation Month Calendar", Ohio Historical Center, 1982 Velma Ave., Columbus, OH 43211, or by calling 614-297-2470.

R O U N D T A B L E

A. Reconstitution of the CIG

After much healthy discussion of the new CIG Master Plan, the OGS Board on March 24th passed the following two motions without dissent. The first facilitates CIG programs (as outlined previously in these columns) to help all OGS members make markedly better use of technology tools for their genealogy activities. The second requests the determination, with input from the OGS membership, of the formal structure of the CIG within OGS. All suggestions are welcome and should be sent to OGS, P.O. Box 2625, Mansfield, OH 44906, Attn: CIG. The members of the ad hoc structure committee appointed by Board Chairman, Bob Cunning, are: George Cryder, Gerry Hudson and Bill Havens.

Motion 1 - CIG Authorization

"...That the Board establish (reconstitute) the OGS-CIG with the authority to elect officers and raise funds, with the provision that all policies, but not self-supported expenditures, be submitted to the Board for prior approval."

Motion 2 - CIG Implementation

"...That the Chair be directed to appoint an ad hoc committee to report back at the May Board meeting with recommendations relative to the implementation of the (reconstituted) Computer Interest Group and its relationship to the OGS, with any By-Law or Constitution changes needed. It is understood that this Committee will solicit and consider specific questions and concerns by any interested parties."

B. CIG Organizational Matters

The March Newsletter reported on the first statewide meeting of CIG project volunteers. Our next working meeting will be at OGS headquarters on April 7, followed by the CIG luncheon at the OGS Convention on April 27 and another working meeting in Delaware on May 12. Anyone is more than welcome to participate by attending any meeting, by telephone and/or by working at home.

To facilitate project development and fund raising, we must formalize our own internal organization. The current suggestion is: President, Vice President, Functional Officers (eg. Development, Program, Service, Administration) and Chairs of the Program Divisions (eg. Tools R&D/Training, Data Acquisition/Sharing, BBSs/Networks, Conventions). This format will be reviewed at the April 7 meeting and the resultant plus initial leaders voted by attendees at the CIG luncheon April 27. For the 1991 Convention CIG Annual Meeting, a more formal nomination and voting procedure will be implemented. As always, all suggestions are welcome.

C. Questionnaire/Glossary

Replies to last month's Questionnaire are arriving in all formats - whatever suits you best. The information will be very useful in designing and implementing CIG programs, so please submit yours. Some persons have asked about some of the communications terminology, so a beginning (albeit somewhat wordy!) Glossary appears below. Please keep inquiring about unfamiliar matters because the purpose of the CIG is to help all OGS members use technology tools.

BBS (Bulletin Board System) - Software on someone's computer which can be accessed by other computers via modem/telephone and which can handle message and file exchanges. BBSs can themselves be interconnected as a 'network' over which a 'conference' can be formed.

Network - A series of communication linkages (in-house wiring, telephone, radio) between computer equipment to enable their exchange of messages and files. Examples could be: office cabling (and electronics) to interconnect computers, printers, etc; modem/telephone to enable two computers to communicate over a distance; the 'party-line' configuration of everyone connecting to a BBS. The interconnection of BBSs constitutes another 'network', the 'FidoNET' BBS software is popular.

Conference - One section of each of several BBSs can be designated for genealogy, and if inter-connected (periodically) by modem/telephone, they constitute a Conference. Messages/files can then be exchanged ("echoed") over very wide areas. These Conferences are topic oriented and depend on the support of the volunteer BBS proprietors of SysOps. The one of most interest to OGS is the Genealogy Conference sponsored by NGS and operating throughout the States and overseas.

Continued on page 57

Computer Interest Group Continued

Commercial Networks and Databases - In addition to the volunteer and essentially free BBS/Conference configuration, there are 'online' databases on every conceivable subject, which are accessible for a fee by modem/telephone. Database proprietors may use their own or other commercial network (eg. Telenet, Tymenet) having a large number of local number access points. CompuServe, for example, carries a genealogy section, has its own network and also can be accessed over Telenet et al. Similar comments apply to Genie, Prodigy, etc.

When a single computer is accessed over the wide-area network, messages are always current, in contrast to the BBS/Conference where currency depends on the periodicity of transfer among BBSs (often daily per link). For genealogy activities, this may cause no inconvenience, and the essentially free access to a large genealogy audience, messages and files is cause for the attractiveness of the BBS/Conference configuration.

D. Attention Chapter Newsletter Publishers

A CIG project now in its study phase would use queries and other genealogy material direct from the OGS Newsletter wordprocesser diskette and provide for computer indexing, sorting and searching. If your Chapter is interested in contributing to a consolidated database, save your newsletter diskettes and let me know the type and level of your potential participation.

Tombstone Repair Update

The Association For Gravestone Studies recommends that instead of setting a tablet stone directly into a form filled with cement (GUIDE TO CEMETERY PRESERVATION, page 8), one should first cast a slot or recess providing a receptacle for the tabletstone. A 1:4:8 mortar mix is used to adhere the stone into the recess. This compensates for any temperature changes and sudden, non-sustained lateral forces.

At a Restoration Workshop last August, the procedure was demonstrated. For adhering a tabletstone to a base where "keyed" treatment is not required, Barre-Pak epoxy (GUIDE TO CEMETERY PRESERVATION gives details concerning this epoxy) was used with plastic cushions, 1x1x1/16 inch to maintain thickness of joint and prevent the weight of the stone pressing out the epoxy.

A GRAVEYARD PRESERVATION PRIMER, by Lynette Strangstad, published by the Association gives details concerning this procedure and many other wonderful suggestions, as we continue to work to preserve Ohio Cemeteries. The OGS Cemetery Committee highly recommends this publication and membership (The Assoc. of Gravestone Studies, 46 Plymouth Rd., Needham, MA 02192; cost $20.00 per yr.) (The PRIMER is $13.95 and is available from AGS.)

The above information was submitted by Terri Klaiber and Lolita Guthrie.

Our Transplanted Buckeyes

From the Potomac to the Pacific, and from Arizona and Florida to Colorado to Michigan, seven jewels now sparkle across the map as three new out-of-state chapters were approved at the March meeting of the OGS Board of Trustees. The latest additions were Arizona, Northern California and Michigan.

Bob and Peg Conner, former Presidents of OGS, are charter members of the Arizona Chapter. This chapter plans to hold five meetings a year around the state with a newsletter on alternate months.

Northern California Chapter boasts 101 charter members with nearly fifty OGS members and nine FFO.

Michigan Chapter's next meeting will be Sunday, May 10 at 1:00 p.m. at Novi Civic Center, 45225 10 Mile Road. This will be important, as plans for the new chapter are formed.

Attention All OGS Chapter Newsletter Editors:

The seven out-of-state chapters will be happy to exchange with you! Their addresses are:

AZ:	M/M Richard Covault, 10247 Hutton Dr., Sun City, AZ 85351
NorCal:	Carol McFarland, 3725 Huff Way, Sacramento, CA 95821
SoCal:	Bonnie Morris (protem), 10507 S. Corley Dr., Whittier, CA 90604-1114
CO:	Julia M. Kasch, 3790 W. Chimayo Rd., Littleton, CO 80123
FL:	Elmer C. Spear, 3809 Esplanade Ct., Tampa, FL 33624-4756
MI:	Rebecca S. Davis, 30500 Springland, Farmington Hills, MI 48018
Nat'l Cap:	James A. McCafferty, 613 Rosier Rd., Ft. Washington, MD 20744

At the close of my term as Vice President and OGS "agent for external affairs", a special commendation is hereby awarded to the spark plugs responsible for starting up the five new chapters of transplanted Buckeyes: Len Moulder (CO), Jim Reep (Nat'l Cap), Caryn Shoemaker (AZ), John Krieg (NorCal), and Susan Mitchell (MI). From the older chapters, Buddy Brokaw and Claire Heatherington (FL) and Liz Myers, Virginia Kelley and Bonnie Morris (SoCal) have been extremely helpful. We wish all seven chapters continued success, and know they will be well served by Judy Bishara, incoming Vice President.

President's Message

Our 29th Annual Convention was declared a huge success by all. Thanks to Lloyd Bockstruck for sharing his expertise with us at three sessions. The CIG and COG luncheons were filled as were the "roundtables". Everything went very smoothly thanks to the following:

Julie Overton - Convention Chairman
Delaware County - Registration
Fairfield County - Printed Surname Exchange
Franklin County - Program and Speaker Support
Lorain County - Exhibits
Perry County - Table Decorations
Helen Rhoten and the Chillicothe District - Hospitality
Maxine Marshall - Ancestors on Parade
Sunda Peters - Program Printing
Melanie Pratt - Bus Tour of Columbus (I am sure Virginia Cassady of Arizona appreciated our stop in Greenlawn so we could all spread out and find her ancestors' plot.)

At the Awards Banquet, Michelle Wheatley of Seneca County won the Junior Division and Ben Koch of Belmont County won the Senior Division in the Essay Contest. Teri Klaiber was the recipient of the McCafferty Award presented by Mr. James Reep, President of the National Capital Buckeye Chapter of OGS. Diane Gagel, Dale Kellogg, Cary Latimer, and Sunda Peters were made Fellows of OGS. The Cincinnati-Hamilton County Public Library received a Presidential Citation.

My apologies to the Colorado Chapter, OGS. They too received their charter at the Convention.

We welcome Judy Bishara, Vice President, and Diane Gagel, Corresponding Secretary, to the board as well as the re-elected members, Barbara Reining, Recording Secretary, and Cary Latimer, Treasurer; Betty Ambrose, Nancy Applebee, and Phyllis Miller re-elected Trustees. Thank you for re-electing me President.

One-hundred fifty new FFO members were approved this year as well as 60 with additional ancestors.

Mark your calendars now for August 4th when our Chapter Management Seminar (formerly Leadership Seminar) will be held at the Muskingum Junior College in Zanesville. More information will follow.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Executive Director' Message

As of May first, OGS has 6,017 members. About 3,000 reside outside the State of Ohio.

It would be very helpful if we knew the reasons why someone is a member of one or more chapters, but is not a member of OGS. If this applies to you, please send a postcard to headquarters, stating why you are not an OGS member. You need not sign your name.

It is always pleasant to hear accolades about what we are doing that pleases members. We welcome suggestions for changes, and ideas concerning areas where OGS can improve its services or alter its procedures.

Anne Budd
Executive Director, OGS

Ancestor Card File Reminders

Each member of OGS is encouraged to submit his five-generation ancestor chart, plus index cards for each person on that chart. Persons submitting cards pertaining to the same ancestor are put in touch with each other.

1. Use only 3x5 cards. See sample card below.

2. Type or print neatly in black ink, capitalizing the surname and placing it first.

3. Place only one generation on a card: husband and wife should be on the same card.

4. Make a cross-index card for the wife, using her maiden name. Cards with no surname cannot be filed and must be discarded.

5. Name and address of the person submitting the card must be on each card in the lower right-hand corner. Please leave space at the bottom of the card near the center for a hole to be punched.

6. There is no limit to the number of cards which may be submitted.

7. To update cards, submit replacement cards, stating that they are replacements, so the previous cards can be removed. Please indicate if your chart was submitted previously.

Make a card for every name on your ancestor chart. THESE CARDS ACT AS AN INDEX TO YOUR FIVE-GENERATION CHART.

The Ohio Genealogical Society
34 Sturges Avenue • Mansfield, Ohio

Presidential Citation

Presented to

James R. Hunt, Director-Librarian,
the Board of Trustees,
and the staff of
THE PUBLIC LIBRARY OF
CINCINNATI AND HAMILTON COUNTY

The Public Library is especially commended for:

Maintaining the oldest public library family history collection in the State of Ohio and the Trans-Appalachian West, one of the state's preeminent collections of books, maps, journals, and microforms for the study of Ohio family and local history.

Maintaining the largest and most complete collection of U.S. Census materials and National Archives microform indexes in any Ohio library and for being one of only two public libraries in the nation with a complete collection.

Maintaining the largest local and family history periodical collection in the State of Ohio, one of the largest such collections among American public libraries.

Maintaining a genealogy collection, free and open to the public, with book and microform materials on all fifty United States and with excellent international coverage.

Maintaining a collection which truly reflects the ethnic heritages of the citizens of Ohio and the nation.

Encouraging and supporting the work of The Ohio Genealogical Society and most especially the Hamilton County Chapter of the Society.

Presented in Columbus, Ohio at the Twenty-Seventh Annual Convention of The Society, 28 April 1990,

Jeanne Pramaggiore
President

OGS RESEARCH TRIP TO WASHINGTON, D.C.

Leave Sunday, September 23, 1990
Return Sunday, September 30, 1990

For members of OGS

Do you want to go to Washington, DC for a full week to research at the DAR Library, the National Archives, and the Library of Congress? (An optional one day trip to the Maryland State Archives is also available, for about $15.00). Find a congenial roommate (or two or three), and have a fun-filled rewarding week of research!

The bus will depart from Columbus, Ohio, at 9:00 a.m., and stop to pick up passengers at Cambridge, Ohio. Monday - National Society DAR Library ($5.00 fee for non-DAR members); Tuesday - National Archives; Wednesday - Library of Congress; Thursday - Maryland State Archives. Select where you want to research for the remaining days. Library orientations will be provided.

Cost includes 7 nights at the Harrington Hotel and round-trip bus transportation. (Local transportation and meals not included.)

Single room $405.00
2 people to a room - $266.00 each person
3 people to a room - $220.00 each person
4 people to a room - $195.00 each person

An effort will be made to help match up roommates, if requested. Reservations must be made by August 1, 1990, and will be on a first-come, first-served basis upon receipt of deposit. A fifty dollar ($50.00) deposit is required to hold your reservation. Maximum of 42 people. (Cancellations must be received by September 1, 1990. A $15.00 cancellation fee will be assessed.) Send deposit and SASE to:

President's Message

At the Board meeting on May 19th, two new District Trustees were welcomed. Ruth Welch replaces Judy Bishara, Vice President, for the Youngstown District and Linda Stewart replaces Tim Smith, for the Cadiz District. Tim Smith resigned and his resignation was regretfully accepted.

Jana Broglin resigned as Chairman of the Education Committee and Tacy Arledge has accepted that position.

The 1880 Census is nearing completion and publishing possibilities were discussed. Mary Bowman has chaired this committee for nearly five years. Her birthday is July 3rd. Let's all show our appreciation by sending her a birthday card.

It was voted to hold a sale of past issues of OHIO RECORDS & PIONEER FAMILIES and THE REPORT. Watch for notices of this sale.

Petta Khouw from the State Library of Ohio visited the OGS Library and the Ohio Historical Society has inventoried our newspaper collection for their Ohio Newspaper Project.

We had a meeting re SB 244 on May 23rd and progress is being made, thanks to the cooperative efforts of the Ohio Historical Society Preservation Office and Native American representatives.

Ohio Genealogical Society

Chapter Management Seminar

This year, we are holding the "leadership seminar" - new name - "chapter management seminar" in Zanesville. This should make it easier for chapters in southeast Ohio to participate, but all chapters will want to send representatives, no matter where in Ohio they are. Information either has been or will be sent to chapters with more details, including a map. No pre-registration is required.

DATE: August 4, 1990

PLACE: Muskingum Area Technical College
Health Science Hall
1555 Newark Road
Zanesville, OH

TIME: 9:00 a.m. to 4:00 p.m.

LUNCH: Potluck - everyone bring a casserole or dish of your choice.

TOPICS: Some topics to be discussed are: how to obtain non-profit status with the IRS, church survey project, newsletters, conducting a meeting, computer projects, handling mail, publicity, recording secretaries and membership, arranging for speakers, teaching genealogy, how to apply for grants, courthouse-genealogy society relationships, and other areas of interest.

SPEAKERS: Some speakers are Michael Clegg, Henry Timman, and Anne Budd.

WHO: Although you should attend if you are an officer or committee member of a chapter, anyone who wants to learn more about chapter management is welcome.

COST: Free - no charge.

Judy Bishara, Vice President
Ohio Genealogical Society

Editor's Notes

Because maintaining current mailing addresses of sister chapters is a problem, Beverly Todd Reed, editor of Ft. Industry Reflections, has issued an appeal to chapters to explore all available options to secure a permanent address. She suggests that an alternative to a P.O. Box is to form a partnership with the local public library. They can allow you to use their address and hold your mail for pick up by officers. In return, you can volunteer services to help the librarians as needed.

The OGS Newsletter editor keeps an updated version of addresses on the back of each newsletter. Beginning with this issue, an asterisk will be placed beside each new chapter address. I hope this will help.

Social Security Record Fee Increase

The great interest in Social Security records has been reflected in many genealogical publications in the past few months. The October 1989 issue of The Newsletter of the Chicago Genealogical Society (P.O. Box 1160, Chicago, IL 60690) picked up on information published in the June 1989 issue of the McHenry County Connection (newsletter of the McHenry County Genealogical Society, 1011 North Green Street, McHenry, Il 60050). According to a memo from the U.S. Department of Health & Human Services, Social Security Administration, received by Irene Horvath and dated 4 May 1989: "As of July 1, 1989, the $2 and $6 fees are no longer in effect." A copy of new rates which was enclosed with the letter, included the following fee schedule: a microprint of Form SS-5 or numident printout, or search for date and place of death (Social Security number provided) is $7; a microprint of Form SS-5 or numident printout, or search for date and place of death with no SSN or the incorrect SSN provided is $16.50; a search for claim file is $14; certification is $10; photocopies are $.10 per page; postage corresponds to current postage rates; and special services are charged at actual cost.

Census Search Fee Increase

The United States Department of Commerce, Bureau of the Census has announced a significant increase in fees for searching the 1900 to 1980 census schedules. A notice from the Pittsburgh, Kansas, Personal Census Service Branch states the following:

"The age and citizenship searching service is a self-supporting operation of the Bureau of the Census in accordance with Title 31, United States Code, section 483a. Under this statute, all expenses incurred in providing census transcripts by the Personal Census Service Branch are covered by fees paid by individuals who require personal information from the decennial census records for proper purposes. In order to provide this service, the branch has been operating with a fee structure of $15.00 for a search in regular turn, based on the date the request is received."

"Due to increased operating costs, effective 1 October 1989, the fee for service will be increased to $25.00 for all searches. Additional transcript copies, if desired, are $2.00 each. Full schedules (for genealogy) will be furnished upon request at a charge of $6.00 each."

The new application forms (BC-600) indicate the new fee structure and provide instructions for filling out the application as well as the restrictions for accessing information from twentieth-century census schedules. The Bureau of the Census asks that old forms be destroyed and new forms be requested from the United States Department of Commerce, Bureau of the Census, Personal Census Service Branch, Pittsburg, KS 66762.

Columbiana County: Records Alert!!!

We are angry, and we're not going to take it anymore! Since Fall, 1987, we have been unable to obtain copies of wills or probate records on microfilm from the Probate Court of Columbiana County. The excuse has been "lack of money to buy paper for the copier." A letter dated June 21, 1988, informs the writer to "write back in about 6 months." We have offered to buy paper, but have been refused.

This is a direct violation of Ohio revised code 149.43(B) which states: "Upon request, a person responsible for public records shall make copies of public records available at cost and within a reasonable amount of time."

We are asking for signed letters from anyone who has been refused copies from Columbiana County Probate Court documenting the refusal, when it occurred, and the excuse given. Please mail your letter immediately to: Columbiana County Chapter, OGS, P.O. Box 861, Salem, OH 44460.

THE OHIO GENEALOGICAL SOCIETY

Announces the Publication of

INDEX TO THE OFFICIAL ROSTER OF OHIO SOLDIERS IN THE WAR WITH SPAIN, 1898-1899

This is an index to the rosters originally published by the Ohio Adjutant General. This 80 page every name index will make it much easier to locate veterans listed in that publication which is found in libraries carrying military rosters for Ohio soldiers and sailors. The volume is hardbound and is printed on acid-free paper.

Cost is $17.00 for OGS members; $20.00 for non-members.

INDEX TO THE OFFICIAL ROSTER OF OHIO SOLDIERS IN THE WAR WITH SPAIN, 1898-1899

Please add $1.25 per book for postage and handling when ordering. All Ohio residents must add 6% sales tax to order. Schools/libraries are tax exempt.

President's Message

The returns for the 1990 Census have been disappointing. Genealogists know the value of censuses and if, by chance, you set yours aside to do later and forgot, please complete and return it now. Remember, your descendants will be looking for you.

Congratulations to Carol Bell for receiving NGS's Award of Merit at the Awards Banquet during the NGS Conference in Arlington, Virginia. Sixty-one Ohioans had pre-registered and four Ohioans were speakers - one giving two speeches.

Don't forget the Chapter Management Seminar August 4th at the Muskingum Technical College in Zanesville. Please plan to have at least four people from your chapter present so all sessions can be covered.

If you are going to a family reunion, take along some Family Group Sheets and have your relatives fill them out.

The next Board meeting will be July 28th.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Executive Director's Message

There are numerous projects at OGS that need the help of volunteers! Persons to help in the library are needed Tuesday through Saturday for four-hour shifts, 9:00 a.m. to 1:00 p.m., and 1:00 to 5:00 p.m. During the summer and fall, some of the regulars will be on vacation, and substitutes must be found. More help is also needed for the OGS newsletter mailings on the third Tuesday of each month. This involves affixing the mailing labels, sorting into groups, and bundling to meet bulk mailing requirements. This task takes approximately three hours, beginning at 9:00 a.m.

Microfilming of First Family of Ohio documentations is on hold, and needs to be resumed. This is not a complicated procedure, but one that requires a person who is very precise and detail-oriented. One or two days a month devoted to this project would be most helpful, and the filmer could work at times of his choosing.

Obituaries of Florida residents with an Ohio connection are being sent to headquarters by members of the OGS Florida Chapter. These need to be filed, along with cards for the card catalog.

Letters requesting genealogical information are received daily at headquarters and were previously answered by volunteer Ruth Gram. Mrs. Gram is not presently able to do this work, and the correspondence is accumulating. Help is needed in answering these letters.

Most of these projects need to be done at headquarters. However, if you have time to be a volunteer and are unable to come here, we can supply you with books that needed to be indexed, and the work could be done in your home.

Won't you please call us and become involved in the activities of your society?

Anne Budd, Executive Director
Ohio Genealogical Society

Editor's Notes

Forty-two people with Ohio roots met for a casual breakfast during the NGS Convention in June. Everyone was given the opportunity to introduce himself and present an impromptu query. A couple of people did make a surname connection and others were given clues for further research. Thanks to those able to join us.

Chapter Announcements

Beginning September 17, 1990, MAHONING COUNTY CHAPTER will meet at RLDS, 4310 New Road, Austintown, OH.

MORROW COUNTY GENEALOGICAL SOCIETY is sponsoring a reprint of the combined 1857 Map and the 1871 and 1901 Atlases of Morrow County, Ohio. Pre-publication price, until September 15th, is $22.50, plus $3.00 postage and handling. Ohio residents must add $1.35 sales tax. The price after the September 15th deadline will be $27.50, plus $1.65 sales tax. Order from Morrow Co. Gen. Soc. Anticipated delivery is late October.

Author's Please Read!!!

Every book should have a title page. This should clearly list the title of the book, the author, the publisher, and the publication date. If you desire correspondence or wish to sell your book, it is helpful to provide a complete address. Books donated to libraries and societies for review purposes must include price information.

Think about the title you use. Begin with the straight-forward approach - "Sample County, Ohio Cemetery Records," or "John Doe Family History." Then put your creative/humorous choice as a subtitle. Think about an introduction with a key if needed; a table of contents; identifiable chapter headings; and, by all means, an index - surname or every name, if you can afford the time and space. PLEASE include a title page with at least a title, author, publisher, and publication date. We at OGS get several books per week without these key ingredients. Genealogists must have standards.

Tom Neel

Correction

Judy Price Gray, of the Colorado Chapter, OGS, reports that they have run into a stumbling block in accessing the death certificates. (See May issue, p. 67.) She was previously given incorrect information. The person requesting the death certificate needs to be a descendant, so that part of the project is on hold. All is not lost, though. Obituaries frequently are more useful to genealogists than death certificates and may be more readily available. The chapter members will do their best to supply obituaries and tombstone photos that are requested. See address on back.

Lost and Found

Book found called, "Lextures on the Doctrines of the New Christian Church Called The New Jerusalem," by B. F. Barrett, Cincinnati, 1852. Inscription reads: Samuel H. Preston, died Feb. 21, 1865 and Affia, his wife, died Dec. 27th, 1873". Also, "Mary Mariah P. Boardman's Book, Presented by her Father in the 70th year of his age who was born May 2nd, 1786 --- May 3, 1855, and her Mother who was born March 21, 1786". A descendant may have the book. Contact Tom Neel at OGS.

The Family Vertical Files for the names Iden, Junes, Kane, Kinckle, and Kunckle are missing from the library. If any patron might have taken them by accident, please return the same.

1990 Convention Comments

As you will have undoubtedly read elsewhere, or heard at the Convention, your newly elected officers and Trustees-at-Large are: President - Jeanne Pramaggiore; Executive Vice-President - Judy Bishara; Recording Secretary - Barbara Reining; Corresponding Secretary - Diane Gagel; Treasurer - Cary Latimer. Betty Ambrose, Nancy Applebee, and Phyllis Miller were all re-elected as Trustees-at-Large. My sincere congratulations go out to all of these successful candidates, and my thanks go out to all those who were willing to be placed in nomination for these important positions.

I also wanted to let the membership know that four chapters really helped out tremendously during the actual election process. Members from the Richland Co. Chapter and the Richland-Shelby Chapter helped get the balloting packets mailed (in the midst of a late-winter "white-out" type of blizzard!). The counting was done by the Richland Co. Chapter, the Richland-Shelby Chapter, the Seneca Co. Chapter, and the Muskingum Co. Chapter, the latter including a grandmother/granddaughter team! My deepest thanks go out to all those who helped during this huge process.

It was a lot of fun, working with these various members of OGS. but, I think I got the last real laugh when I was counting the envelopes in which the ballots had been sent, in order to get an idea of where the votes were coming from, geographically. One of the voting members had used one of those dinosaur stamps to mail their vote in; however, the envelope had written on it: "One of my ancestors!?", with an arrow pointing to the dinosaur stamp!

Again, thanks to all the volunteers, and to all of you who took the time to read over the ballot information and send in your votes - and that included just about one-third of our membership with about 1,900 votes cast!

Julie Overton, Chairman
Nominations & Elections Committee, OGS

10. Genealogical Services

You have already done your complete ancestry? You know the place of origin of your ancestor? Now you are excited in learning more about your ancestor's hometown or village. The videotographer, Georg Schmidbauer, and professional genealogist, Cornelia Schrader-Muggenthaler, will show you around in the town of your forebears. We, the compilers, will give you a view of the historical sights, probably the original house your ancestors lived in, and if possible, an interview with still living relatives. Shots of old documents, if available, gravestones, etc. We will try to find as much information as possible to make this video an interesting journey for you. Please let us know your individual suggestions, what you want to have included or not, Each video will be produced individually. Imagine what a journey to Europe for all family members would cost. You already can have a 20 minute video from $950, for example. The prices differ in the various regions and depend if you want one village or several places shown. Countries available are West and East Germany, Switzerland, Austria, Alsace and Italy. Please send your personal instructions to Georg Schmidbauer, M.A., Dachauer Strasse 267, 8000 Munchen 19, West Germany.

MONITOR

NEWS COORDINATOR

With this issue, Harry Liggett becomes coordinator of news about the OGS Computer Interest Group which will appear in this section of the OGS Newsletter. The column name MONITOR replaces the former ROUNDTABLE used in previous issues of the newsletter. OGS-CIG news and helpful items on the use of the computer for genealogy are planned. Special feature articles are planned for an occasional insert in the newsletter under a separate title. Please direct suggestions and contributions for publication to Harry at 544 N. Firestone Blvd., Akron, OH 44301, 216-724-5808 and/or via the National Genealogy Conference BBS.

PLEASE JOIN US AT OUR MEETINGS

Statewide CIG meetings convene roughly each six weeks, alternating between Delaware and Mansfield. Meetings are scheduled for Sep. 8 at Delaware, Oct. 20 at Mansfield and Dec. 1 at Delaware. The Mansfield meetings are at OGS headquarters at 34 Sturges Ave. and the Delaware meetings at the historical center at 157 E. Williams St. All persons interested in the use of computers for genealogical research and willing to participate in CIG projects are welcome. Bring your lunch and ideas and participate in small group and overall "working" discussions which run from 10:00 a.m. to 3:30 p.m.

COMPUTER WORKSHOP PLANNED

At the June 23 meeting in Mansfield, the OGS-CIG agreed to present a computer workshop and seminar at the Oct. 27 meeting of the Council of Genealogists at Deer Creek Park near Columbus. The workshop will be from 6 to 8 p.m. after the regular COG conference. The format for the workshop at Deer Creek will be used as a guide for other workshops to be presented for OGS chapters. Named to the committee to prepare the format for the workshop were Bill Allen, Paul Glenn and Jack Robertson. The committee will report at the Sep. 8 meeting.

The group also discussed the need to adopt standards for submitting data for computer use. OGS-CIG will provide copies of a database program called PC File for use by local chapters. Members of the CIG have been asked to submit suggestions on a standard form (template) for submitting various kinds of information such as wills, vital statistics, land records, and cemetery records.

OGS BOARD ADOPTS POLICIES

The OGS Board of Trustees at its May 19 meeting approved the following policies:

1. ...that OGS recognize that 'publishing' includes any means of reproducing writing, thoughts, ideas, data and pictures, including computer and/or electronic reproduction.

2. ...that OGS participate in a joint venture with selected electronic bulletin boards for a trial two-year period.

3. ...that all committees of the OGS shall promulgate actions of the Society's CIG toward the ultimate computerization of the OGS head-quarters, its library resources, and the accessibility of its records.

4. ...that OGS indicate to Chapters its intent to standardize statewide computerized databases and to develop acceptable financial and ownership arrangements thereof.

MOVING AHEAD ON COMPUTER PROJECTS

These policy actions by the board will help to implement CIG projects (see meeting summary above) and planning for a statewide OHIO DISK on CD-ROM. The CD-ROM would be similar to those now being used in some libraries. A CD-ROM is like a compact disk you buy at the record shop except that it stores text rather than music. One CD-ROM can contain as much as 100,000 pages of text, 200 rolls of microfilm or 1,500 floppy disks. The Ohio Disk would store the 1880 census index and other Ohio data and could be searched for your names the same way you would search at the library.

We appreciate your many letters and return of the questionnaires. Unfortunately, it takes time to respond and we are tardy. Some answers are covered by this column and others we hope to provide soon. The questionnaire data is being summarized on computer and we will report on it soon.

McCLAIN
CONAWAY
CRAWFORD
TROUT
KEITH

Civil War vet Abraham McLAIN b 1834, Perry Co, OH. My eldest aunt recalls 3 unusual names that fit this OH family. Her father, Charles McCLAIN b 1862 OH; his father Abraham; and Emma (in 1860 census, Charles' sister 1858). Our Charles went on the railroad before marrying Alice Rachel KEITH 1892 Clark Co, IN and fathered 6 children. Abraham's 1898 pension papers say his Chas. W. was b 2 weeks before ours. Our Charles' middle name was Heaton (m. cert.), Hayden (Tmbstn/Paris Crossing, IN). Could W. have been Wheaton? Or old father forgot facts about long-gone son? Or did Abe's son stay in OH and I need to find another? Abraham McLAIN mar'd Percilla CRAWFORD TROUT CONAWAY 1856, d 1905 Starr Twp, Hocking Co. Percilla d 1922. Two other sons alive 1898: J.D./Orwell 1856 and J.T. 1865. Would appreciate info on this family.

President's Message

The Southern Ohio Genealogical Society was accepted as the 101st chapter of OGS at the board meeting on July 28th. We welcome them to OGS.

Our new Finance Chairman, Jim Midlam, was present and gave the board a thorough review of our finances. Jim is not new on the scene, he was the book reviewer for The Report for several years.

John and Clairene Stiteler have handled the Ancestor Cards and Charts for the past two years and they presented a report. Have you sent your chart and cards to OGS?

The final report on the 1990 Convention was presented and not only was Lloyd Bockstruck applauded by all who attended, but there was an overwhelming request to invite him back. Plans for the 1991 Convention are underway for April 26 and 27 at Toledo; Diane Gagel is the Convention Chairman.

Among other things discussed was a contract for the publishing of the 1880 Census; the Chapter Management Seminar; relationship of CIG to OGS; and the Washington Tour.

The Cemetery Committee continues to work on the H.B. 720 with the Ohio Historical Preservation Office and Native American representatives. It is a long process, but thanks to Teri Klaiber and Lolita Guthrie, we will have a bill acceptable to all parties.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Executive Director's Message

An ENDOWMENT FUND has been established by the Board of Trustees of The Ohio Genealogical Society. The first contribution to this fund is $2,000.00, a bequest in the will of former OGS member, Berenice Clayton of Oklahoma.

The proceeds from these insured investments have been designated for OGS operating expenses; the principal will not be spent.

Members and friends of the OGS are being encouraged to contribute to this fund in amounts of $100.00 or more. Gifts of less than $100.00 can be given to the Library Fund and will be used for its operations.

The 1920 census microfilm will be available in two years! In anticipation of buying the film of Ohio counties, a 1920 CENSUS FUND has also been created. The OGS has been soliciting its chapters for donations for this purchase and the Lorain County Chapter is the first to respond to this request. Lorain has donated $60.00 toward the cost of the film of the Lorain County census for the OGS library.

By beginning to save money now, it is hoped that the funds will be in place when the census microfilm becomes available. Thank you, Lorain Chapter members, for understanding this need and being the first to give!

A special note of thanks also goes to Eugene Probst of Mansfield. He has trimmed all the shrubbery at OGS headquarters, weeded the flower beds, and made grandiose plans for plantings of perennials on our property. Thank you, Gene!

Anne Budd, Executive Director
Ohio Genealogical Society

OGS Book Sale Continued From Page 109

We are looking for any genealogical or historical books with which you may wish to part, but will accept anything, since the sale will be open to non-genealogists as well. Even consider that stock of ancestor charts, rubbing paper, manila files, etc., that you purchased years ago, but never quite got around to using. We'll take anything that a genealogist might possibly buy! All proceeds will go into the library operating fund to benefit our OGS members. Non-genealogical books that are not sold will be donated to a local women's group for their sale later this year. Genealogical material will be kept in the OGS duplicate collection. OGS reserves the right to pull books from the sale if they are needed in the library collection. We may try this again sometime if all goes well. Please mark the date on the calendar, but you may start bringing books in at any time.

Notice of Closing

Beginning August 1, 1990, the Pennsylvania State Archives will be closed for approximately 6-12 months for asbestos abatement and plaza repairs. Access to archival records will be severely limited during this period. On-site research will not be possible, and those persons having business with the Archives will have to do so by scheduling an appointment. Limited mail reference will be available during this period. For further information, contact Pennsylvania State Archives, Box 1026, Harrisburg, PA 17108-1026, (717) 783-3281.

Book Available

Ghosts and Living: Early Churches of Wyandot County, Ohio by Mrs. Robert Watts was listed in The Report. The author has died and has willed her books to the Upper Sandusky Community Library, 301 North Sandusky Avenue, Upper Sandusky, OH 43351. If you had ordered the book and your mail was returned to you, you can now purchase it from the library. The cost is $10.00 plus $1.10 p&h.

Announcements

Council of Genealogists (COG) will hold a fall seminar, "Running a Successful Genealogy Business" Oct. 27 at Deer Creek State Park Lodge, Mt. Sterling, OH. Cost is $15.00 members, $18.00 non-members, buffet luncheon included. Oct. 20 is the deadline. COG, P.O. Box 119, Washington Court House, OH 43160.

A group of Parkersburg, WV area residents have formed the Oil, Gas & Industrial Historical Association. Their aim is to establish the Oil and Gas Museum to document and display the history of West Virginia and Southeastern Ohio's involvement in the oil and gas industry from the early 1800's. They are seeking donations of items for the museum. Annual dues are $15.00. Make checks payable to the Oil and Gas Industrial Historical Association and send to Paul C. Hoblitzell, Treasurer, P.O. Box 1685, Parkersburg, WV 26101.

Colorado Genealogical Society announces its 1990 "Black Sheep Writing Contest, Including Other Wild and Woolly Subjects." Membership in the Society is not required. The deadline for receiving entries is 9:00 p.m., Friday, October 19, 1990. This year, the Society is expanding the theme beyond that of "a discreditable member of a respectable group" (aka black sheep) to include "wild and woolly" subjects. "Woolly" has been defined as "having the characteristics of the rough, generally lawless atmosphere of frontier America. Used chiefly in the phrase "wild and woolly." It is an opportunity to test one's skills in writing and documentation. Show originality in choice, treatment, and presentation of subject matter. You do not have to be related to your subject. Rules and instructions may be obtained by sending a SASE to: Black Sheep Writing Contest, Colorado Gen. Soc., P.O. Box 9218, Denver, CO 80209.

Thank You

The following people have been working feverishly on the final steps of the 1880 Ohio Census Indexing Project. This has been an eight year project to this point, with great numbers of volunteers involved. The people below deserve a special thank you as encouragement and praise for their efforts: Mary Bowman, Rita Levering, Beverly Schumacher, Hal Miller, Jim Strong, Gerry Hudson, Mary Jane Henney, Nancy Hidinger, Jana Broglin, and Sunda Peters.

Questions and Answers

Answer: The Harrison Street Cemetery is the well-known cholera epidemic cemetery in Sandusky, Erie Co., OH. A new monument was erected in 1925, and the postcard scene that year is quite common. Further references are Sandusky Yesterday, by Charles E. Frohman and Sandusky Now & Then, by Ernst von Schulenberg. Thanks to Larry Ommert and Charlotte Giltner for their responses to this question.

COMPUTER INTEREST GROUP **MONITOR**

COMPUTER LEARNING CENTER

A computer learning center to provide continuous hands-on experience in the use of the computer for genealogical research will be open throughout the three days of the Ohio Genealogical Society convention in Toledo next April.

Convention plans will be discussed at the next meeting of the Computer Interest Group on Sept. 8 at 10 a.m. at the historical center, 157 E. Williams St., Delaware.

The overall objective of the society's Computer Interest Group is to provide technology tools for genealogical research for ALL members of the Ohio Genealogical Society.

If there is something you would like to have included in the program, please call or write or attend the Sept. 8 meeting. A general chairman for the CIG program is still being sought and volunteers are needed for all program areas.

The program committee for the convention in July gave its preliminary approval to the format for the computer learning center. Bill Lewis of Toledo will serve as manager of the center and a nationally-known computer expert will be asked to be honorary manager. Coordinators for learning sessions will be Harley Barnett of Temperance, MI, for beginners, Jack Robinson of Akron for intermediate, and Paul Clay of Columbus for advanced.

The convention will be Thursday through Sunday, April 25-28 in Toledo. The learning center will be open from 5 to 10 p.m. Thursday, 8 a.m. to 10 p.m. Friday and 8 a.m. to 6 p.m. Saturday.

Thursday's program will include rap sessions for various interest groups and computer lab classes.

Sessions on Friday will include:

- Beginner Computer Tools for Genealogists: to introduce techniques and software and tell you how to get started.
- Intermediate Computer Tools for Genealogists: for those who have used computers for their genealogy for at least six months.
- Available Genealogy Databases on Compact Disk: a panel discussion to provide the latest information on data becoming available on compact disks. Panelists will discuss:

1. The new disks of the Family History Library which contain the International Genealogical Index (IGI).
2. Disks containing records of the U.S. Bureau of Land Management.
3. The planned Ohio Disk which will include an index to the 1880 census and other Ohio genealogical research data.

There also will be at least four demonstration and rap sessions on Friday for specific software programs including PAF, Roots, Apple and Macintosh, Commodore and possibly others. An overall organizer is needed for these sessions.

There will be no speaker for the CIG luncheon and business session on Friday. The luncheon time will be devoted to rap sessions.

Carol Montrose of Reynoldsburg will provide an on-line modem and bulletin board demonstration Friday night. The presentation will explain how to use bulletin board systems for genealogical research.

On Saturday, the sessions will include:

- Followup on Computer Topics for Beginners
- Computerization of the OGS Library at Mansfield.
- Repeat of the sessions on specific software programs.
- Newer Technologies to Exploit for Genealogy, including scanners, bulletin board systems, compact discs and publishing.

PROBLEM WITH A NAME

The Computer Interest Group is having a problem with its name. The name indicates only that we are a group interested in computers. The name itself may have "scared off" even some of you who have computers but don't want to get involved with some computer hobbyists who talk only in technical terms.

Our overall objective, however, is to provide technology tools for genealogical research which will benefit ALL members of the Ohio Genealogical Society. Even if you never plan to own a computer, you might be able to help with your suggestions on what you would like the society to do, for instance, in storing data and making it easier for you to use it.

You can call us anything you want, but please don't shun us. If you have any suggestions for a better name, please let us know.

****

WHERE TO WRITE OR PHONE

Anyone interested in using the computer for genealogical research (You don't have to own a computer) is welcome to attend any OGS-CIG meeting. If you have a question, need information or want to help us, you should write or call Harry Liggett, 544 N. Firestone Blvd., Akron, OH 44301-2254 Tel. 216-724-5808.

****

SO WHAT'S A TEMPLATE

In order to insure a standard method of collecting data so that it can be used by all, the OGS-CIG is asking you to help us come up with standard templates. Template is computer talk for a standard form used to enter information in a computer. There could be different templates for vital statistics, cemetery records, church records and so on. Send us a sample of the template (form) you use for collecting data. The CIG has recommended PC File as a standard database program for OGS chapters, but a standard is needed for templates.

COMPUTER GENERATED 3 x 5 CARDS

Much interest has been shown is computer-generated 3 by 5 cards for data. The OGS-CIG is interested in hearing from anyone who has experience using these so that standard forms can be set.

A BULLETIN BOARD LIST

The OGS-CIG is attempting to compile a complete list of the Ohio bulletin boards which carry the National Genealogy Conference. If you use any local bulletin board, please send us a card with this information: Name of board, area code and telephone number, the name of the systems operator if you know, whether it is free or if there is a fee, and whether it carries the National Genealogy Conference. If it does not carry the conference; perhaps you and other computer users could encourage it to carry the conference.

Convention Computer Session
Getting Started

During our quick session at the 1990 OGS convention, our group looked at the many components which make up a computer system. This might range from what is now a slow PC to a super fast 80486 which would be equipped with a 360K floppy drive to a 300M or larger hard drive.

Consider these points when shopping.

Have a cost figure in mind for the system for which you are looking. This way you will have an idea whether to move up a level on options or down. Magazines and books were pointed out which would give the shopper a head start on putting a system together. Some of them were PC Magazine, PC Resource, and PC World. The best advice is to do your homework and the newsstand is a place to start. There are Buyers Guides for sale at different times and they have many hints.

Check advertisements or ask salesmen about the FCC Rating of the computer. It MUST BE -- A FCC CLASS "B". This means that the computer is tested so that interference to radio and TV in a residential area is lower than Class "A", which is for a commercial area. The computer should have a sticker to this effect.

The starting point for a computer system should be nothing less than a 12Mz AT (80286), 2 Megs of RAM installed, 5.25 - 1.2M and 3.5 - 1.44M floppy drives, and a 40 Meg hard drive. A color VGA monitor and a 24 pin printer added to this would get you started just above $2,000. Down-scale a little to a monochrome monitor and a 9 pin NLQ printer for $1,495. Both of these systems include all that is needed to get started. Want to be a power user? Step up to a 386SX system from $1,795 to $2,265. From there, the options could include a 386/20Mz to 33Mz with all the bells and whistles you would ever use.

A Laser printer has the best print. At the top of the price list it may range from $5,000 to $7,500 or higher, if you must have everything gold-plated.

If you are just starting today, you are lucky, because memory prices are the lowest in two years and though the cost of a computer system seems to stay the same, the buyer is getting much more computer today than just a year ago. Also, add $350 for genealogy and database software.

Need help? My address is P.O. Box 399, Dalton, OH 44618 or the phone number for evenings is (216) 828-2019. Get a new tool for genealogy, a computer that is. Happy computing.

Ellis Island Immigration Museum

On September 10, Ellis Island will reopen. It will not welcome immigrants to the United States as it did between 1892 and 1954. The memorial will welcome visitors who have a desire to trace their ancestors' steps as they first entered this country.

According to Stephen Briganti, project director, Ohio was one of the major destinations for immigrants coming through Ellis Island. About 17 million people were processed during those years.

Some of the displays are: The American Immigrant Wall of Honor, Ellis Island Galleries, Through America's Gate, and The Peopling of America.

These displays feature photographs, personal papers, artifacts, and soundtracks, as well as an electronic map and video interviews of immigrants of our time.

The American Immigrant Wall of Honor offers an opportunity for you to honor an ancestor and to contribute to the restoration at the same time. A $100 tax-deductible minimum donation will allow you to designate a name to be placed on the Centennial Edition of the wall, to be finished by 1992. For information on this, call (212) 883-1986.

Also due by 1992 is The Ellis Island Family History Center, where visitors can use computers to track down immigrants.

Ellis Island can be reached by ferry from Battery Park in lower Manhattan or from Liberty State Park in New Jersey. Hours will be from 9 a.m. to 5 p.m. The museum is closed Christmas Day. More information can be obtained by called (212) 363-3204.

Call for Ohio Researchers

Interest has been expressed in an updated "OGS List of Ohio Researchers."

We would like to provide one to genealogists who ask for one from headquarters or to put a list in The OGS Newsletter, perhaps in January.

We request that those who are now on the list update their information and contact us if they want to be included on the 1990 list. Others who are new researchers should send name, address, phone number, and a listing of the counties or libraries in which they wish to research.

The deadline for this will be December 1.

Acquisitions Update

Books listed in the review section of The Report are items that are currently for sale. Books listed in the accession list in the OGS Newsletter are either donated by our members or are purchased by the library. Many of these are simply not for sale or have long been out-of-print. We also note any new finding aids prepared by our library volunteers. Specifically, indexes prepared recently for Butler and Jackson County cemetery records and for several older unindexed county histories were done for OGS Library use. They are not intended for publication or sale by OGS. The many letters received at headquarters inquiring about these publications do indicate a demand for a good index to these classic works of the past. What an idea for a chapter project!

They are for the records of the Chester County Directors of the Poor (1800-1858) and the records of the Commissioners school children's payments (1810-1835). The Archives is located at 117 West Gay Street, West Chester, PA 19380. Phone is (215) 431-6760.

COG Book Awards

Each year the Council of Genealogists recognizes authors of published works who have made significant contributions to Ohio genealogy. The six categories are for: transcription of Ohio records; abstracts of Ohio records; finding/research aids; instructional book; complete genealogy of an Ohio related family; and Ohio state, county, or local history. Items must be submitted before January 1, each year to COG, P.O. Box 119, Washington C.H., OH 43160.

Notice of Chapter Publications Chairpersons

OGS is planning a mass mailing to 500+ libraries/genealogical societies to promote OGS publications. OGS would like to offer the chapters a chance to include a list of their publications, excluding chapter newsletters, with this mailing. If you have publications for sale, send a list of them including title, # of pages, total price postpaid and tax, and ordering address to Jana Broglin, 2780 CR E, Swanton, OH 43558. The OGS Publications Committee will print one brochure listing all those received. Please limit your list to 4 publications. DEADLINE is October 15, 1990.

Irish Middfest Weekend

Middfest International Celebration is scheduled for October 5, 6, and 7 on City Center Plaza in Middletown, OH.

Robert Young, president of the Butler County Chapter, OGS, invites all OGS members to visit the 40' x 120' tent which will feature "genealogy from one end to the other."

Guests include Dr. Ron Bremer of Salt Lake City, Jeanne Pramaggiore, Pat Donaldson, Dorothy Helton, Donna Reid Hotaling, Bill France (does origin of name research on computer), and the Cincinnati Irish Society. There will be beginners packets, microfilm, microfiche, and a video on Irish families.

Robert Young can be contacted between 8 a.m. and 4 p.m. weekdays at 1-800-582-2796 or call 513-425-7707, the Middfest International Celebration number.

Take I-75 to Middletown, Rt. 122 west to City Centre via Reinartz. Those coming from farther north may have to detour around I-75 construction near I-70.

President's Message

The Chapter Management Seminar had a record attendance - over 100. The sessions were very helpful and I heard many "rave" reviews. Many thanks to our Vice President, Judy Bishara, for organizing the seminar and acquiring excellent speakers.

Now that summer is drawing to an end and our travels are mostly over for the year, why not consider volunteering - either at OGS Headquarters or at your local chapter level. Your help with answering correspondence, indexing records, typing indexes, contributing articles or information to your local newsletter or to The Report or O.R.P.F., and helping with the Church Record Survey would be appreciated.

Do you read the queries in the Newsletter to see if you can be of help to someone? Do you send in your queries? Are your eligible to belong to First Families of Ohio? Now is the time to start getting your papers together so you can be inducted into FFO at the annual convention in Toledo, April 26 and 27, 1991.

The Board of Trustees will meet in Mansfield September 22.

Jeanne Pramaggiore, President
Ohio Genealogical Society

COMPUTER INTEREST GROUP **MONITOR**

HANDS-ON DEMONSTRATION LAB

A hands-on demonstration lab will be available continuously throughout the Ohio Genealogical Society convention in Toledo next April. The lab will be staffed by volunteers who can answer questions and assist anyone in exploring the operation of hardware and software in genealogical research.

Stand-alone workstations will have various kinds of software installed so you can try them out. Included will be:

a) major genealogy programs which can be accessed from a central menu.

b) wordprocessor and database programs.

c) communications programs connected to modem and phone lines for access to local BBSs, the Genealogy Conference and libraries.

d) shareware, indexing and publishing programs.

e) CD-ROM search software disks for LDS IGI, the Automated Archives OHIO DISK and Bureau of Land Management records, with a player/reader unit.

f) image software to show how text and graphics can be scanned for computer use.

g) a surname and tiny-tafel database for instant search.

Depending on availability of volunteers and resources, other equipment may be added to illustrate other tools such as how to use a VCR with television in recording cemetery information or use of microfiche readers.

HELP: Please contact us to let us know what you would like to see and what questions you have about use of computers for genealogical research. Also, if you are willing to volunteer a couple of hours at the lab to help us with your own expertise, please contact us.

INSTRUCTION LAB

If you want more than the hands-on lab help, you can go to "school" at one of the two-hour classes which will be presented on Thursday and/or Sunday during the convention. Five basic subjects will be offered. Classes will be offered in word processing with WordPerfect, database with PC File, genealogy with PAF and Roots, and communications strategies with Telix.

Instruction in the subjects will not be geared towards any specific program however. For example, the principles applying to use of wordprocessors to genealogy are the same regardless of the specific software used for the class. Each class will be in one room with 12 to 15 students in each class and one student per computer. A syllabus or study guide will be furnished.

To provide for equipment rental, preparation of materials and expenses for instructors there must be a surcharge for each class, which could be as much as $15. Similar workshops often cost at least $125. WILL YOU ENROLL? Considerable planning and arrangements for facilities, hardware and software are necessary, so the committee would like to know in advance if you are interested in attending one or more classes. If you are definitely interested, send us a card or letter listing the time you would like best: Thursday morning, afternoon or evening and Sunday morning or afternoon. Would you attend a single class offered only Thursday morning? More than one classes? What do you think about the surcharge?

A COMPACT DISK FOR ALL-OHIO DATA

The Ohio Genealogy Society is studying a contract for "recording" the 1880 census on a compact disk. Many have worked tirelessly to gather and compile the census data. Putting the census data on a compact disk will make searches easier and provide easier access to the data. The census would be the main item on the OHIO DISK, but much more information might be included.

The OGS board of trustees will be discussing with chapters the type of data from each chapter that could be included in the OHIO DISK. The more data on the OHIO DISK the more valuable it becomes to all of us.

Compact disks will be used chiefly in libraries for the next several years and, therefore, will not compete with the printed publications of chapters. CD royalties for chapter material on the OHIO DISK would, of course, supplement present chapter income.

Because arrangements are under way to produce the OHIO DISK, we would like to hear directly from individuals, especially concerning any of their own studies (or others they know of) which they would make available for the disk. We hope that chapter officers will discuss the project with their district trustee to arrive at "official" suggestions for including chapter data on the OHIO DISK.

President's Message

At the Board of Trustees meeting on September 22nd, we regretfully accepted the resignation of our Executive Director, Anne Budd, effective December 3rd. We appreciate the invaluable assistance she gave to the Society - getting our insurance policies in order; volunteer coordinating; obtaining competitive bids for our Newsletter, The Report and ORPF; building maintenance, etc. Anne will be moving and, while we regret her departure, we wish her well.

Plans were made to obtain a new Executive Director and information as to qualifications, etc., can be obtained from OGS Headquarters. Applications will be accepted until March 1, 1991.

Our finances were studied very closely. The Board found it necessary to raise the dues due to increased printing costs; additional costs involving maintenance of the building; additional staff expenses; and maintenance of a continuously growing library; and the proposed postage increase in 1991. Our library is one of the best genealogical research centers in the state. We also added a sustaining membership which is explained in your membership notices. Please consider it. Our society can only continue to exist and grow through the help and financial assistance of the membership.

Tacy Arledge, Education Chairman, submitted a proposal adding a new dimension to the education contest, which was adopted. An "art" category involving drawings, paintings, poetry, needlework, etc., has been added and details will be in the packets sent out for the essay contest. This is an exciting new concept to the education contest and we hope you participate.

Plans are proceeding nicely for the 1991 convention in Toledo April 26 and 27 under the chairmanship of Diane Gagel. Mark your calendars now.

It was brought to our attention that starting January 1, 1991, the U.S. Postal Service will be offering a 4th class rate for mail containing a 9 digit zip. You may want to check with your Post Office on the 9 digit zips - it could mean a substantial savings.

Jeanne Pramaggiore, President
Ohio Genealogical Society

Executive Director's Message

The Summit County Chapter of OGS experimented with a new program concept which was a smashing success! The chapter and the Taylor Memorial Library in Cuyahoga Falls, Ohio, presented a genealogical problem-solving program free-of-charge to the general public. Five area genealogists acted as panelists, giving research advice to questions asked by members of the audience. Marilyn Kirn Kovatch, Summit Chapter president, was the moderator.

At the request of the library, another similar meeting will be held October 25th. Different panelists may be used in order to provide other areas of expertise.

The Delaware County Chapter of OGS contributed $75.00 to the 1920 Census Fund! Chapters are being asked to donate the cost of the 1920 census film of their counties to be purchased for the OGS library. This film will be released in the spring of 1992. These donations are being held in a separate interest-bearing savings account.

Anne Budd, Executive Director
Ohio Genealogical Society

COMPUTER INTEREST GROUP **MONITOR**

COMPUTER USE BY LOCAL CHAPTERS

Computers can be used by local chapters to do many tasks easily and professionally, Galen Pinkham of the Ohio Genealogical Society Computer Interest Group told a leadership seminar in Zanesville.

The three basic uses are for word processing, database keeping and communications.

A word processing program can be used for chapter correspondence, for a newsletter or chapter publications and for queries, meeting notices and other items.

Databases can be used to keep lists of members, their interests, surname files and other information. The chapter's budgeting and accounting also can be kept in a database. Collecting data for cemetery books and indexes is easier. Databases can be used for the chapter's library holdings and for cemetery, census, church, court, probate, tax, land and other records.

Pinkham also discussed communications tools of the computer and the use of modems, scanners and CDROM.

HOW ABOUT COMGEN?

The MONITOR last month mentioned the inadequacy of the name "Computer Interest Group." That name indicates only that we are a group interested in computers and may have "scared off" some members who don't want to get involved with a group talking just about computers. Our objective is to provide tools for genealogical research which will benefit ALL members. The name COMGEN, standing for Computer Genealogy, was proposed after a brainstorming session. What do you think?

COMPUTER CLASSES AT CONVENTION

Five two-hour courses in Computer Genealogy with hands-on instruction will be available at the annual OGS convention in Toledo on Thursday, April 25. A computer learning center also will be open throughout the convention.

Because computer rental and other expenses are not in the regular convention budget, a $35 fee will be charged for the classes. The size of each class will be limited to the first 15 registering unless the response is sufficient to add another class. Registrants will be asked to pay the $35 fee by the end of February and to select the class they wish to attend and the hours.

There will be two morning sessions, two in the afternoon and one in the evening, all on Thursday. Classes will stress use of computer tools for finding and exchanging data, sorting and analyzing data, indexing, writing and other topics.

Although specific software will be used in each class, instruction will cover other types. The five classes are:

1. Word processing: Using WordPerfect with comments on PC Write, PFS Professional Write and others.
2. Data base: Using PC File and discussing other database programs. Suggestions on how chapters should keep data will be included.
3. Genealogy Combination A: Using PAF (Personal Ancestral File.
4. Genealogy Combination B: Using Roots.
5. Communications: Using Telix with comments on ProComm and other programs.

Don't forget that we need your comments and suggestions on our convention plans.

OUR NEXT MEETING

Anyone interested in using the computer for genealogical research is welcome to attend any meeting of COMGEN, your computer interest group. The next meeting will be from 10 a.m. to 3 p.m. Saturday, Oct. 20 at OGS headquarters, 34 Sturges Ave., Mansfield. Bring a brown bag lunch.

MESSAGES FROM MANY

The response we have been getting indicates that many members are interested in using the computer for genealogical research. We can't reprint them all, but here is a sampling:

A suggestion from Warren that File Express should be considered along with PC File as a standard database program. . . A "thank you" for the work we are doing from a member in Sun City, AZ, whose dream is to have a computer. . .A suggestion from Marietta, GA, that we provide audio or videotapes of computer meetings. . .A request from an Akron couple for special help on software. . . An update from a member in Berkeley, CA, who is doing a database of Wittenberg College graduates. . . A note from Starkville, MS, informing us that the Capital Users PAF Group of Bowie, MD, has a program that will put PAF data on 3X5 cards . . . and finally a question from Clermont County about whether Apple users would be able to supply data to OGS on standard templates.

INTEREST AT THE LOCAL LEVEL

Local computer genealogy groups are attracting interest.

Zanesville District chapters have been organized for about a year at the Southeastern Ohio Computer Society with 38 members who

meet at the LDS Church in Zanesville. They even have their own message section on a Zanesville bulletin board. If you have a modem, keep in touch by dialing 614-439-0310.

The Summit County chapter is sponsoring a meeting at 7:30 p.m. Tuesday, Oct. 9, at the Barberton Public Library, 602 West Park Ave. (across from Lake Anna) for anyone interested in using a computer to record their family history.

The Richland County Computer Interest Group meets ordinarily at OGS headquarters in Mansfield. Contact Tom Neal at the OGS office for information on the next meeting.

The Computer Interest Group of the Licking County Genealogical Society meets the third Sunday of the month at the society's library. Call the library at 614-345-3571 for information.

Please let us know about other CIGs.

STANDARD TEMPLATES FOR DATA

It is extremely helpful for an organization such as the Ohio Genealogical Society to be able to share and combine data from a number of different sources. There are all kinds of computers and software programs so that it has been difficult in the past to share some of this data. If data is kept in a standard way, however, it is much easier.

This is why the Computer Interest Group is studying various kinds of templates (or forms) used in entering information into a genealogy database. A number of templates will be presented at the Oct. 20 meeting so that recommendations can be made for standard templates.

One basic template would be a single-line, event database limited to 80 columns so that each entry could be viewed on a single line. The fields in the database could be for name, place, date, event, source and perhaps one other field. Other standard templates should be developed for cemetery records, vital statistics, census and other data.

If each chapter adopted these standards for collecting data, it would be easier later to share or combine data. Please send us your comments or suggestions or let us know how you are collecting and entering data.

GENEALOGY CONFERENCE BULLETIN BOARDS

How would you like to read more than 100 new queries every day? Those of you who have modems with your computer know that your computer can exchange data and information by phone lines. About two dozen bulletin boards in Ohio now carry the National Genealogical Conference. If there is a bulletin board in your local dialing area, you can make a toll-free connection to read messages and enter your own. If not, you can make a long distance call, enter your queries and capture messages you can read after you hang up.

Here is our list of bulletin boards in Ohio that carry the National Genealogy Conference. Some have membership fees, but many do not. If you know of others, please let us know. Listed are the name of the board, the operator and modem phone number:

OGS Library Update

The OGS Board of Trustees has voted to charge a $3.00 library use fee to non-members beginning January 1991. The Board believes that this will be an equitable way to help defray increased costs of operating the library.

Members should retain the membership card that will arrive soon with their renewal form. When you visit the library, bring the card with you so that you can save the volunteer time in finding your current membership status.
